4. What are the main features of the plans on display that you believe will improve the Hawker Centre?

Greater mix of shops & commercial premises including cafes, restaurants
Parking should be OK.

5. Are there aspects of the plans on display that you dislike? If so, what are they?

I have great concern that the shared pedestrian/vehicle at (2) on the plans will cause problems: Make it completely pedestrian??

6. Any further comments?

Can we keep an equivalent to the Wistaria seating area.

DRAFT MASTER PLAN

4. What are the main features of the plans on display that you believe will improve the Hawker Centre?

Larger supermarket/shopping area
Improved plaza/shared access
Separated delivery area, movement of garbage area from main street

5. Are there aspects of the plans on display that you dislike? If so, what are they?

I would prefer active discouragement of vehicles from shared areas
I would like to see the provision of potential for development of a larger enclosed mall area in the longer term plus allowance for additional parking if the usage warrants it.

6. Any further comments?

This plan is a major improvement on previous proposals
It is not clear to me whether parking will be adequate in all areas - particularly for medical centre area (eg Jamison development has created parking problems for shoppers in that area)

DRAFT MASTER PLAN

4. What are the main features of the plans on display that you believe will improve the Hawker Centre?

None

5. Are there aspects of the plans on display that you dislike? If so, what are they?

Do not build on our surface car parks
The elderly and parents with children and prams
should not have to park underground. Visitors
to apartment will park in all available surface
parking even if it is timed.

6. Any further comments?

Money making grab by the government - I've
voted Labour all my life but will not vote
Labour in the ACT again.

More shops mean more delivery vans, as does & reduces parking as does residential buildings - residents and visitors. They don't use the underground parking at the recently built apartments already in Hawker.

4. What are the main features of the plans on display that you believe will improve the Hawker Centre?

More coffee shops

5. Are there aspects of the plans on display that you dislike? If so, what are they?

Too densely populated with both residential & commercial properties. Too high buildings & too uncertain with parking arrangements given the plan is dependent on EVERYBODY agreeing - not just part of the complex/centre.

6. Any further comments?

Undercover parking may effectively be used as a convenient park & ride for commuters - not available for shoppers as planned (see Gungahlin)

HAWKER GROUP CENTRE

DRAFT MASTER PLAN

4. What are the main features of the plans on display that you believe will improve the Hawker Centre?

Keep the community ~~at~~ ambience & ownership with emphasis on open air public spaces rather than enclosed shopping

NB Jamison lacks easy access to ~~scope~~ community space for displays/promotion of ~~committee~~ community orgs

5. Are there aspects of the plans on display that you dislike? If so, what are they?

Parking will not be as convenient

Does not talk about emphasising health services which is currently the centre's competitive edge of the good centre.

6. Any further comments?

Need to retain ambience of native landscaping along Belconnen way & within group centre. There are many more suitable species & cultivars available than ~~there~~ in the 1970s

7. In what suburb do you live?

Early Belconnen landscaping has strong heritage values as it signifies a coming of age when we welcomed use of our native flora for urban landscaping

HAVE YOUR SAY HAWKER GROUP CENTRE DRAFT MASTER PLAN

4. What are the main features of the plans on display that you believe will improve the Hawker Centre?

None

5. Are there aspects of the plans on display that you dislike? If so, what are they?

Too many residences in what should remain a commercial area.

Likely traffic problems on Belconnen Way and Springvale Drive.

May need more consideration of pedestrian/bicycle access

6. Any further comments?

Comment period shouldn't correspond with the Christmas 'silly season'
