

URGENT REQUEST – SAFE-T-CAMS TO SYDNEY AND MELBOURNE

ACT Policing are investigating an incident in which a man has broken into [REDACTED]

It is believed he may have gone to either Sydney or Melbourne. As such, ACT Policing request a search of those routes to ascertain whether any of the following vehicles (linked to the man) have passed through the Safe-T-Cams:

- [REDACTED] Grey [REDACTED]
- Red [REDACTED]
- Blue [REDACTED]
- Blue [REDACTED]

This request has been approved by my team leader, Detective Sergeant Richard Gough, who can be contacted on [REDACTED]

This AFP incident number is 5722498.

Subject: FW: Point to Point, red light and speed camera footage request [SEC=UNOFFICIAL]

Kristen,

The data files only show the registration if the system picked it up correctly,

I requested the supplier to obtain all non offending images for 12:30am – 2:30am, this was a very large task and it has taken them a few days to extract and convert the files so the images can be viewed in JPG.

I now have placed it all on a CD I will have someone drop it off to you tomorrow, Please Advise the best time.

Regards

Gordon

Thanks Kristen,

If you could request they contact the supplier and obtain the data files from point to point camera location 2005-2008 please.

I may have got the location wrong with the red-light camera at Hindmarsh Drive and Callum Street.

I thought there was one on Hindmarsh Drive where it intercepts with Athllon Drive, Phillip.

If there is one there could you please request they check the footage, as per the request below.

Thank you

Hi Kristen,

As you may be aware a vehicle accident took out the Point to Point cameras at the Torrens end of Athllon Dr P2P location 2005 -2008 on 15/08/2014. When this is back up and running I will advise.

Point to point -
Hindmarsh Drive and Athllon Drive.

(No Images a [redacted] with [redacted] registration)

For point to Point cameras I can send the log files for vehicles that passed the cameras .

For location 2005-2008 if you require anything from the data file I will have to send this to the supplier as they have all the equipment from the damage and can retrieve the image.

All images are removed from the on road servers within 14 days of the image being recorded.

Hi Kristen,

Are you able to request footage from the following cameras

Point to point -
Hindmarsh Drive and Athllon Drive.

Red light cameras -
Hindmarsh Drive/Callum Street intersection;
Hindmarsh Drive/Ball Street, Woden; and
Hindmarsh Drive/Yambah Drive intersection.

Speed cameras -
Tuggeranong Parkway at Cotter Road and Hindmarsh Drive both north and south bound lanes.

Date: Sunday 10 August 2014
Time Frame: 12:30am - 2:30am
Looking for a [REDACTED] with [REDACTED] registration. Unfortunately registration is unknown.

Offence: Arson, contrary to section 404 of the Criminal Code 2002. Punishable by 700 penalty units, imprisonment for 7 years or both.

I understand that I may not get footage from the red light and speed cameras unless they were activated by the vehicle. By the way the vehicle was leaving the scene if they drove past either the red light cameras or speed cameras they may have tripped them.

If you need any more info please let me know.

ACT Policing request this information by virtue of the Road Transport (Safety Traffic Management) Act 1999 section 29A (1) (b)

Cheers,

Dave

UNCLASSIFIED

Afternoon,

ACT Policing are currently investigating a criminal offence under Section 403(1) of the Criminal Code 2002, which occurred over the evening of Monday 21 July and early morning of Tuesday 22 July 2014.

It would be appreciated if the Hindmarsh Drive Point-to-point camera images (both east & west directions) be searched between the hours of 1800hrs (21 July) and 0600hrs (22 July) for the following two [REDACTED] registered vehicles below:

- [REDACTED] &
- [REDACTED]

It is believed either of the two (or both) vehicles may have travelled west along Hindmarsh drive, entering the ACT and then later travelling east back into NSW if this helps your search criteria.

Good Morning Pat,

Very quick question for you, can you scan cameras for certain number plates and see if they have been used?

It's an "alleged" stolen interstate vehicle, however, it is being used for certain burglaries and petrol drive offs in the ACT.

Registration, [REDACTED].

Thanks very much,

Subject: Hindmarsh footage [SEC=UNOFFICIAL]

UNOFFICIAL

Good morning Gordon,

Can I please ask for your assistance in obtaining some footage from the Hindmarsh Drive PTP cameras?

I'm not sure how long it is kept but I require the footage from Wednesday 18 December 2013;

Woden bound from 6 till 7pm; and
Fyshwick bound from 8 till 9pm.

I'm looking for a grey [REDACTED] with what we think is NSW registration and may have a partial rego of [REDACTED]

I'm trying to obtain the full rego to assist with a current investigation.

The job number is 5536916.

Thanks in advance.

Regards,

Chris

Good morning Gordon

I am currently investigating an incident which occurred on Hindmarsh Drive and I am seeking any images of the suspect vehicles and their average speeds while they travelled through the fixed speed cameras on Hindmarsh Drive.

Date and time :
Between about 9.40am and 9.55am on Friday 20 December 2013

Vehicle one:
Black coloured [REDACTED] registration [REDACTED]

Vehicle two:
Bronze coloured [REDACTED] registration [REDACTED]

Your help is greatly appreciated.

Cheers and merry Christmas!

Subject: RE: Speed Camera Checks [SEC=UNCLASSIFIED]
Attachments: Offence images Monaro Hwy - Southbound.pdf; Offence images Monaro Hwy - Northbound.pdf

Hi Guys,

Not much luck with registration [REDACTED]

I have checked all Monaro Highway Images. The camera has not detected the vehicle of interest. As you are aware, only offending vehicles are captured on these cameras. I have attached a copy of ALL offence images for Monaro Highway between 09.00 and 13.00 on 5 November 2013.

The point to point system does capture details of all passing vehicles, I have entered the registration [REDACTED] into the database and have not found a match. The passing vehicle information is only delivered as data, no images are downloaded. Therefore I cannot browse the images for specific make or model of vehicle (eg : White [REDACTED] Sedan)

The Point to Point system is not 100% accurate when reading the registration details, there are varying factors such as sunlight which affect the reading of the plates. The vehicle may have passed the Point to Point cameras and not been detected.

I am sorry I could not help you further with this matter.

Subject: Request for Data [DLM=For-Official-Use-Only]

For-Official-Use-Only

Good Morning Mr Stone,

Another large request for the traffic camera Office. As discussed, may I request the data on all Infringements detected by Speed Cameras in the ACT between the dates : 12 April 2013 to 13May 2013.

If you are able to provide this data in a searchable form, for example Excel spread sheet, it would be very much appreciated.

This request is made in relation to an investigation into a series of offences against the Criminal Code 2002, Section 311 (1).

If there is anything else you require for this request please let me know. My telephone contact is also in the signature block below should you require it.

Thank you for your assistance.

To: TrafficCameraOffice
Subject: Traffic Intel Response [SEC=UNOFFICIAL]

UNOFFICIAL

G'day Jodi,

I am currently standing in for the illustrious Pat so please pardon any errors.

As discussed on the phone I shall run the image for the Motorcycle rider through our facial recognition software and see what we get. Unfortunately, it will only hit if we have him on the database, but its worth a try. I will also ask Pat when he returns if we can disseminate it to the wider ACTPolicing. The bike [REDACTED]

Also, with reference to the pursuit I mentioned:

Date - 29May2013

Time - 1:40pm to 2:10pm

Street - Hindmarsh eastbound from Ainsworth street, Mawson (not Stirling as I said - don't know where I thought I was for a minute)

Vehicle - Blue [REDACTED]

Rego - [REDACTED]

The pursuit was terminated when the vehicle turned onto Hindmarsh as the driver was crossing into oncoming traffic. The member wishes to see if the cameras in the area clicked the vehicle as they wish to try and identify the driver/occupants. If you do have an image, could I request it please, keeping in mind your suggestion for a Decrypted version.

Finally, if you send a response to the [REDACTED] For some reason I can't send mail from there but I can read the incoming.

Hope this all makes sense. If there is anything you require please let me know.

Thank you

Have fun

Matthew,

I apologise for the delay in response. Details from the cameras only became available today.

In response to your first request;

There are no recorded offence images of a White [redacted] registered [redacted] on the fixed camera network, I did however check the data logs on the Point to Point system and the vehicle was detected travelling westbound to Woden at 9:53am. I have attached the relevant images.

I appreciate the offer of having a chat to the P plater doing 148km/h, unfortunately the TCO does not have any offence images that match to offence described. ☹

Subject: Camera Requests [SEC=UNCLASSIFIED]

UNCLASSIFIED

Good Afternoon,

I would like your assistance with a matter and may be able to provide you with details of a traffic camera offender if you require them for a camera infringement matter on the Tuggeranong Parkway today.

The assistance we need is in relation to a white [redacted] truck that was stolen from its driver in Phillip this morning. It is as stated;

White [redacted] model [redacted] truck bearing [redacted] registration [redacted]. It has [redacted] and [redacted]. The only other feature is [redacted] on the front. Would you please scan your cameras and let me know if you are able to supply any footage of this vehicle? It was stolen at 10:10am this date.

We also had a report of a white [redacted] sedan with no rego plates front or rear speeding (approx. 140kmh) southbound on the parkway coming from Belconnen. This happened at approximately 10:48am this morning. We believe it would have at least tripped the Cotter Road speed camera if it maintained this speed. I managed to locate this vehicle without its driver at a [redacted]

[REDACTED] and have obtained the details of the female P Plate driver. Would you scan your footage for this one as well and I will go around and have words?

Please let me know if you need any further information.

UNOFFICIAL

Dear Sir/Madam,

Between 8 and 11 December 2012, white [REDACTED] bearing [REDACTED] registered [REDACTED] was reported stolen.

About 5:30pm on Tuesday 11/12/2012 the vehicle is thought to have been involved in a disturbance in [REDACTED] in which two males entered a premises armed with a knife and an axe.

Since then, the vehicle has been identified in CCTV footage as being used by offenders in a theft from the [REDACTED] about 23:15hrs on Wednesday 12/12/2012. In this matter, two suspects have been identified.

Can I please request a search be done of your network to determine whether this vehicle has been 'identified' by your camera network during the period 8/12/12 to 13/12/2012.

I am assisting in the investigation of the offences of Theft, contrary to section 310 of the ACT Criminal Code Act 2002 and aggravated Burglary, contrary to section 312 of the same Act.

If you have any queries regarding my request, I am contactable on 62937776.

To: Giumelli, Tessa

Cc: Webster, Jodi; Laundess, Daniel; Swale, Brett
Subject: FW: P2P Images

Hi Tess,

Regarding your request to provide any images taken at the point to point cameras between 1900 6/8/12 and 0400 7/8/12. I have checked with my supervisor as this is the first non specific request we have had regarding non offending images from point to point cameras.

I was advised If the police want the images to assist in a criminal investigation section 29A(1)(b) provides a basis for disclosure of the image by the RTA to the police. Police will need to deal with the image in accordance with section 29B.

Can you please send a formal request stating the purpose for the images.

I have also been informed there are over 2000 vehicles so I will need to have someone attended the camera location to retrieve the information then load it in our back office as the information is all encrypted and we have the only key to open the images. This process will take approximately 3 hours. Once we have loaded all the images we will inform you and then an officer will have to attended the TCO and view the images.

I have placed the relevant provisions of the RT (Safety and Traffic Mgt) Act for your information below.

Regards

Gordon Stone

29A Disclosure of images by road transport authority

- (1) The road transport authority must ensure that an image taken by a traffic offence detection device is not disclosed by the authority to another person except—
- (a) in connection with the enforcement of the road transport legislation; or

Examples

- 1 to a police officer for deciding whether to issue an infringement notice
- 2 to a prosecutor for preparing a prosecution
- 3 to a contractor engaged to service a traffic offence detection device

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (b) if the disclosure of the information is reasonably necessary for the enforcement of the criminal law or a law imposing a monetary penalty; or

(c) if the disclosure of the information is required or authorised by—

(i) a law of the Territory; or

Example

to a person who can ask for a copy of the image under s 27

(ii) a law of the Commonwealth; or

(iii) an order of a court of competent jurisdiction.

(2) In this section:

law of the Territory means, for a law made after the commencement of this section, a law that expressly requires or authorises the disclosure of the information.

29B Use, retention and disclosure of images by other people

A person to whom an image taken by a traffic offence detection device is disclosed under section 29A—

(a) may use the image only for the purpose for which it was disclosed and in accordance with any applicable laws; and

(b) must not retain the image for longer than required by or for that purpose, or as required by law; and

(c) must not disclose the image to someone else unless the disclosure is required or authorised by—

(i) a law of the Territory; or

(ii) a law of the Commonwealth; or

(iii) an order of a court of competent jurisdiction.

Hi Gordon,

I am the case officer for the above mentioned Police pursuit. I have received the images that Constable Mark Wilson requested from you in relation to this matter. This matter is going to court and I was wondering if you would be able to supply a court certificate in relation to each of the infringements or a court certificate that combines all the infringements.

To refresh your memory the locations of interest are as follows:

- The point to point westbound on Hindmarsh Drive;
- Hindmarsh Drive and Yamba Drive;
- Tuggeranong Parkway northbound - Hindmarsh and Cotter cameras;
- Barton Highway eastbound near the Gungahlin Drive overpass;

• Northbourne Avenue southbound at the intersection of Antill Street.
Your help with this is greatly appreciated.

Kind regards,

CHRIS WATSON

From: Webster, Jodi
Sent: Tuesday, 21 February 2012 2:45 PM
To: Chapman, Deborah
Subject: RE: Request for two ACT Vehicles - Point to Point Hindmarsh Dr [SEC=UNCLASSIFIED]

Deborah,

I have checked the log files for the vehicles of interest.

Vehicle registration [REDACTED] does not appear on the system.

Vehicle registration [REDACTED] was detected twice on 4 February, 2012.

Device # 2002- Westbound on Hindmarsh Drive @ 19:56 hrs.

Device # 2004- Eastbound on Hindmarsh Drive @ 21:46 hrs.

Images for these incidents are no longer available.

Images may only be stored for 14 days and then they are automatically deleted (As per legislation)

Please forward all requests for information to trafficcameraoffice@act.gov.au.

Regards

Jodi Webster

Subject: RE: Intel request - REF ACTPIJB5042943-58 [SEC=UNCLASSIFIED]

Hi Faith,

The point to point system only keeps images of non speeding vehicles for [REDACTED] as per the legislation all images must be removed from the road side within [REDACTED] of time of capture. As a result of this part of the legislation there are no images from point to point camera on Hindmarsh Drive ACT on 19 June 2012 for a Silver [REDACTED] Reg. [REDACTED]

I did find the registration from the data files in the office for registration [REDACTED] calculating the time over distance we were able to average the speed of the vehicle see table below.

Start Time 10:47:43.000
 Finish Time 10:49:52.000
 Time in seconds to travel 129.00
 Average Speed 75.6km/h

As the system has a record of the vehicle travelling over Hindmarsh Drive starting from Symonston at 10:47:43 heading Westbound and finishing at 10:49:52 at the O'Malley end.

Rego	ANPR %	Location	Date	Time	File Number

Subject: RE: [SEC=UNCLASSIFIED]

Betty,

I have searched the log files for any vehicle with the registration number provided. There is no vehicle with a matching registration number detected travelling along Hindmarsh Drive P2P in either direction on the day in question.

On another note, can you please pass on that non-offending images on the P2P system are only kept for [REDACTED]

On the [REDACTED] Also, the images from the P2P system are from the rear and generally speaking, occupants of the vehicle are unable to be ascertained.

Cheers,

UNOFFICIAL

Hi Amanda,

I'm assisting with the Agg. Robbery at [redacted] on Wednesday 31/10/2012 night. [redacted] tells me you're assisting with our intel.

The offenders [redacted] are believed to have been driving around in a [redacted] both prior to, and in the course of, the robbery. The VOI is green [redacted] reg. [redacted] which was stolen from Tuggeranong earlier that afternoon. We think that the POIs may have driven to Fyshwick before the robbery and one of the ways to get there is up Hindmarsh Drive.

Can we please ask that you contact RTA and ask them to search their point to point cameras on Hindmarsh Drive for this vehicle from say 3:00pm on the Wednesday afternoon through to 9:30pm.

___We are keen to get a photograph if we can, placing at least one of the four POIs in the car.

Happy to put this in a tasking if you wish.

Thanks

Subject: Traffic Cameras

To whom it may concern,

I am making enquiries into a vehicle that was used in an offence across the boarder in Queanbeyan, NSW yesterday afternoon and evening 30/6/14. We wish to ascertain whether or not a [REDACTED] registration [REDACTED] travelled into or out of Queanbeyan either through Hindmarsh Drive point to point cameras or the Canberra Avenue red light camera at Fyshwick between the times of 6pm and 10:30pm.

Do your speed cameras compile the number plates of all vehicles that pass or just those that trigger the speed sensor? And, if they are capturing all the vehicles, are we able to obtain access to these recordings?

If the registration of that vehicle [REDACTED], turns up on any other cameras throughout Canberra are we able to find that out as well?

Any help you can provide in relation to this would be fantastic.

Thank you in advance,

[REDACTED]

My mistake, this was initially forwarded to the wrong email address. If you could assist thank you.

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

The Manager,
Camera Traffic Office,
Canberra.

Queanbeyan Police are currently investigating claims by [REDACTED] of [REDACTED] that a vehicle hired in her name was used illegally by [REDACTED]. NSW Police are gathering information with a view of prosecuting [REDACTED] for Illegal Use of a Motor Vehicle as well as driving offences. The vehicle was hired on the 28 October 2013, until the 30 October 2013.

It is alleged that on the following dates, [REDACTED] used the vehicle, where camera speed offences were detected. [REDACTED] is an active criminal in the ACT. I have been speaking with [REDACTED] of Woder [REDACTED] and any evidence obtained that shows offences committed in the ACT boundaries, will be forwarded to [REDACTED] for assessment.

The vehicle was last seen, prior to the offences being detected, about 10.30pm, 29 October 2013, parked in the driveway at [REDACTED]. It is believed that the vehicle was recovered from where [REDACTED] left it in a carpark in the ACT, and then returned to the hire company, where [REDACTED] was charged for an additional days hire. It is assumed at this point that the vehicle was returned on the 31 October 2013.

The vehicle is described as a [REDACTED] sedan, registration [REDACTED], registered to [REDACTED].

It is requested that investigating police be provided with documentation from your office, to show what offences have been committed during these time period. It would also be appreciated if photographs of those offences be provided as well.

[REDACTED] of Queanbeyan Police has carriage of this investigation.

It would be appreciated if any time delays in responding to this request could be advised, as driving offences are statute barred from prosecution as from the 29 April 2014.
