Exempt documents

Note For the exemption of documents in the possession of the housing commissioner containing protected information within the meaning of the [Housing Assistance Act 2007](#), pt 5, see that Act, s 29.

32 Exemptions do not limit each other

A provision of this part under which documents referred to in the provision are exempt documents—

- (a) shall not be construed as limited in its scope or operation in any way by any other provision of this part under which documents are exempt documents; and
 - (b) shall not be construed as not applying to a particular document because another provision of this part of a kind mentioned in paragraph (a) also applies to that document.
- (1) A document is an exempt document if its disclosure under this Act would involve the unreasonable disclosure of personal information about any person (including a deceased person).
- (2) Subject to subsection (3), subsection (1) does not apply to a request by a person for access to a document only because of the inclusion in the document of matter relating to that person.
- (3) Where—
- (a) a request is made to an agency or Minister for access to a document of the agency, or an official document of the Minister, that contains information of a medical or psychiatric nature concerning the person making the request; and
 - (b) it appears to the principal officer of the agency, or to the Minister, as the case may be, that the disclosure of the information to that person might be prejudicial to the physical or mental health or wellbeing of that person;
- the principal officer or Minister may direct that access to the document, so far as it contains that information, that would otherwise be given to that person is not to be given to that person but is to be given instead to a doctor to be nominated by that person.
