

## Triple Bottom Line (TBL) Assessment Summary

*The Triple Bottom Line Assessment is required to be published in accordance with Part 4, section 23 (1)(b) of the Freedom of Information Act 2016*

### 19/494 Strategic Closed Circuit Television (CCTV) Plan 2020-2022

- The *Strategic Closed Circuit Television (CCTV) Plan 2020-2022* (CCTV Plan) will:
  - Focus government effort and investment to continue to build the capability of the Public Safety CCTV Network to create safer public spaces, venues and events in the ACT and better support ACT Police to investigate crime and bring offenders to justice.
  - Support the activities of the government and ACT Policing to deliver safe and well managed public events.
  - Ensure strong governance around the use of the CCTV system by promoting the development of a new CCTV policy and reporting around the use of the Public Safety CCTV Network.
  - Provide reassurance to the community of government effort to keep people safe whilst protecting their privacy and human rights.
  - Promote innovation in the use of CCTV to support other ACT Government business requirements.

Level of impact	Positive	Negative	Neutral
-----------------	----------	----------	---------

Social		
Level of impact	Impact	Summary
Neutral	Human rights	<ul style="list-style-type: none"><li>• The CCTV Plan will not impact on human rights. All CCTV systems used in the ACT Government are operated in accordance with the ACT's privacy laws and human rights frameworks.</li></ul>
Positive	Justice and Crime	<ul style="list-style-type: none"><li>• CCTV is a commonly used security tool by government, business and individuals to protect people, assets and investigate incidents and crime.</li><li>• The CCTV Plan will focus government effort to use CCTV in a governed and coordinated way to build safer public places, events and venues. The CCTV Plan will also enhance the ability of ACT Policing to deter and investigate crime and bring offenders to justice.</li><li>• Potential expansion of the Public Safety CCTV Network will further enhance the safety of Canberra public open spaces and assets.</li><li>• The CCTV Plan will encourage greater use of the Public Safety CCTV Network to support major events.</li></ul>

Economic		
Level of impact	Impact	Summary
Neutral	ACT Government Budget	<ul style="list-style-type: none"> <li>The plan does not have an immediate budget impact.</li> </ul>
Positive	Innovation	<ul style="list-style-type: none"> <li>One of the priority areas in the CCTV Plan is innovation. Two strategic activities under this priority area will provide opportunities for businesses to work with the ACT Government to:               <p><b>17. Use of the Territory Radio Network (TRN) to support CCTV Information</b></p> <p><i>The government will examine if the ACT's Territory Radio Network (TRN) can be used to route CCTV information. Using the TRN network could allow for the installation of CCTV at locations that are outside of the fibred or mobile phone network in support of bushfire detection or rural crime investigations.</i></p> <p><b>18. Trailer Mounted CCTV Capability</b></p> <p><i>The government will investigate the feasibility, costs and benefits to establish CCTV capability that can be quickly deployed via trailer or vehicle. This capability would allow for a minimum delay in the easy and quick deployment of a CCTV capability to support short term events, incidents or crime hot spots.</i></p> </li> </ul>
