Dear ACT Chief Minister, Treasury And Economic Development Directorate.

I request a list of freedom of information requests submitted to each directorate by members of the legislative assembly for the last 6 years.
I would like: The date, The subject, Who requested it, What was the decision, Is it finalised or currently being decided and How much they were charged.
I have had a look at the multiple disclosure logs, however I beleive these do not display all of the requests.
This is in the public interest as we the tax payers deserve to know where our money goes given the government is not accountable.

Yours faithfully,

[redacted]

ACT Government
Chief Minister, Treasury and Economic Development

> *I would like to clarify the scope of your application before transferring to other directorates.*

On 21 August 2026, you confirmed your agreement to the proposed scope. Accordingly, the **revised scope** of your request is as follows:

Authority

I am an Information Officer appointed by the CMTEDD Director-General under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Timeframes

In accordance with section 40 of the Act, CMTEDD is required to provide a decision on your access application within 30 days.

Therefore, a decision is due by **30 September 2026.**

Decision on access

Searches within CMTEDD records have identified information within scope of your request, which was used to compile statistical information into one document within scope of your request.

I have decided to grant **full access** to one document.

Release of documents

The information being released to you is provided at **Appendix A**.

Statement of Reasons

In accordance with section 54(2) of the Act a statement of reasons outlining my decisions is below. In reaching my access decisions, I have taken the following into account:

- the Act
- the information that falls within the scope of your request

As a decision maker, I am required to determine whether the information within scope is in the public interest to release. To make this decision, I am required to:

- assess whether the information would be contrary to public interest to disclose as per **Schedule 1** of the Act.
- perform the public interest test as set out in section 17 of the Act by balancing the factors favouring disclosure and factors favouring nondisclosure in **Schedule 2** of the Act.

Exemptions claimed

Schedule 1: Information taken to be contrary to the public interest

No schedule 1 factors were identified.

Public Interest Test

The Act has a presumption in favour of disclosure. As a decision maker I am required to decide where, on balance, public interest lies. As part of this process, I must consider factors favouring disclosure and nondisclosure.

In *Hogan v Hinch* (2011) 243 CLR 506, [31] French CJ stated that when 'used in a statute, the term [public interest] derives its content from "the subject matter and the scope and purpose" of the enactment in which it appears'. Section 17(1) of the Act sets out the test, to be applied to determine whether disclosure of information would be contrary to the public interest. These factors are found in subsection 17(2) and Schedule 2 of the Act.

Schedule 2: Factors to be considered when deciding the public interest

Taking into consideration the information within scope of your request, I have identified that the following public interest factor is relevant to determine if release of the information contained within these documents is within the 'public interest'.

Factors favouring disclosure (Section 2.1)

Section 2.1(a)(iii) - inform the community of the government's operations, including policies, guidelines and codes of conduct followed by the government in its dealings with members of the community.

You have requested information about freedom of information access applications made by members of the ACT Legislative Assembly, who are seeking access to government information. Members of the ACT Legislative Assembly have their fees waived under section 107(1) of the Act. The information being released shows the type of decision on the release of information. This information will provide the community with some insight into government operations by showing information about the nature and type of requests for information made by Members of the ACT Legislative Assembly.

By way of further explanation, information identified at **Appendix A** shows access applications made by Members of the ACT Legislative Assembly to CMTEDD, which are sorted into tables by financial years within the requested date range of the last six years, being 20 August 2020 to 19 August 2026 since 19 August 2026 is the date CMTEDD received your access application. The information is provided by 'subject'.

I am satisfied that these factors favouring disclosure carry some weight. However, these factors are to be balanced against the factors favouring nondisclosure.

Factors favouring nondisclosure (Section 2.2)

No factors were identified.

Charges

Processing charges are not applicable for this request because the number of pages released to you is below the charging threshold of 50.

Online publishing – Disclosure Log

Under section 28 of the Act, CMTEDD maintains an online record of access applications called a disclosure log.

Your original access application and my decision will be published on the CMTEDD disclosure log. Your personal contact details will not be published.

Ombudsman Review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is provided to you, or a longer period allowed by the Ombudsman.
