Dear [REDACTED]

### **FREEDOM OF INFORMATION REQUEST**

I refer to your application under section 30 of the *Freedom of Information Act 2016* (the Act), received by the Chief Minister, Treasury and Economic Development Directorate (CMTEDD) on 9 October 2018.

Specifically, you are seeking:

- “Any Building Approval issued under the Building Act 2004 in relation to Block 6, Section 26 in Crace, issued on or after the 20<sup>th</sup> of February 2012.
- Any Building Commencement Notice issued under the Building Act 2004 in relation to Block 6, Section 26 in Crace, issued on or after the 20<sup>th</sup> of February 2012.
- Any other decisions, approvals or notices issued under the Building Act 2004 in relation to Block 6, Section 26 in Crace, issued on or after the 20<sup>th</sup> of February 2012.”

### **Authority**

I am an Information Officer appointed by the Director-General of CMTEDD under section 18 of the Act to deal with access applications made under Part 5 of the Act.

### **Timeframes**

In accordance with section 40 of the Act, CMTEDD is required to provide a decision on your access application by 6 November 2018.

### **Decision on access**

Searches were completed for relevant documents and 8 documents were identified that fall within the scope of your request.

I have decided to grant full access to 4 document and partial access to 4 documents. The information redacted in the documents I consider to be information that would, on balance, be contrary to the public interest to disclose under the test set out in section 17 of the Act.

I have included as Attachment A to this decision the schedule of relevant documents. This provides a description of each document that falls within the scope of your request and the access decision for each of those documents.

My access decisions are detailed further in the following statement of reasons and the documents released to you are provided as Attachment B to this letter.

In accordance with section 54(2) of the Act a statement of reasons outlining my decision is below.

### **Statement of Reasons**

In reaching my access decision, I have taken the following into account:

- the Act;
- the content of the documents that fall within the scope of your request;
- your views on the public interest in disclosing the government information applied for (as per section 37 of the Act); and
- the *Human Rights Act 2004*.

### **Exemption claimed**

My reasons for deciding not to grant access to the identified documents and components of these documents are as follows:

#### Public Interest

The Act has a presumption in favour of disclosure. As a decision maker I am required to decide where, on balance, public interests lies. As part of this process I must consider factors favouring disclosure and non-disclosure.

In *Hogan v Hinch* (2011) 243 CLR 506, [31] French CJ stated that when 'used in a statute, the term [public interest] derives its content from "the subject matter and the scope and purpose" of the enactment in which it appears'. Section 17(1) of the Act sets out the test, to be applied to determine whether disclosure of information would be contrary to the public interest. These factors are found in subsection 17(2) and Schedule 2 of the Act.

Taking into consideration the information contained in the documents found to be within the scope of your request, I have identified that the following public interest factors are relevant to determine if release of the information contained within these documents is within the 'public interest'.

#### Factors favouring disclosure (Schedule 2.1(a))

- (iii) Inform the community of the government's operations, including the policies, guidelines and codes of conduct followed by the government in its dealings with members of the community.

#### Factors favouring non-disclosure (Schedule 2.2(a))

- (xi) *Prejudice trade secrets, business affairs or research of an agency or person.*

Having considered the factors identified as relevant in this matter, I consider that release of information contained in these documents may contribute to informing the community of the government's operations, including the policies, guidelines and codes of conduct followed by the government in its dealings with members of the community by allowing you to have a complete record of the decisions, approvals and notices issued found within the scope of your request.

I have considered the business affairs of the builders contained within the documents. I consider it unreasonable to disclose the costs of the building works as this information could be expected to prejudice the business affairs of the builder.

I therefore weight the factor for non-disclosure more highly than the factor in favour of release in this instance. As a result, I have decided that release of this information could prejudice their business affairs.

Having applied the test outlined in section 17 of the Act and deciding that release of business information contained in the documents is not in the public interest to release, I have chosen to redact this specific information in accordance with section 50(2). Noting the pro-disclosure intent of the Act, I am satisfied that redacting only the information that I believe is not in the public interest to release will ensure the intent of the Act is met and will provide you with access to the majority of the information held by CMTEDD within the scope of your request.

### **Charges**

Pursuant to *Freedom of Information (Fees) Determination 2017 (No 2)* processing charges are not applicable for this request because the total number folio's to be released to you is below the charging threshold of 50 pages.

### **Online publishing – Disclosure Log**

Under section 28 of the Act, CMTEDD maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents released to you in response to your access application will be published in the CMTEDD disclosure log after 6 November 2018. Your personal contact details will not be published.

You may view CMTEDD disclosure log at:
