What documents are you requesting under the Act?

- To help the JACS Directorate process your request, please include enough detail in your application so that we can fully understand what government information you want.

I would like information that describes the activities undertaken by ACT Parking Operations in the last two years on a community awareness of rules about illegal nature of parking on nature strips.

I would also like to information that answers the following:

In the last two years, how many reports were submitted via Access Canberra of illegal parking on nature strips? In the last two years, how many people were cautioned for parking on nature strips?

In the last two years, how many people were fined for parking on nature strips? In the last two years, how many permits were issued to park on nature strips?

If possible, can the above information be broken down by suburb.

I believe this is in the public interest. Tree canopy is lower in new suburbs within the ACT. TCCS linked refusal of tree planting to a desire of residents to keep parking on the nature strips, which is illegal in ACT. The ACT Government seeks to achieve 30 percent tree canopy cover by 2045.

Significant time and effort is required by TCCS to manage and minimise the risk of re-routes when residents objects to the planting of tree on nature strips and verges.

a copy of these documents sent to the above address

OR

to inspect these document

However the interaction with other Act Government activities including parking operations, planning (with infill agenda) seems to not have been explored well in the recent Act Audit report on Tree Management.

I have a suspicion that tree refusal and instances of re-routing have been more common in higher density areas, particularly in newer suburbs with smaller blocks, narrower roads, and less established trees or in areas that have been ""infilled" with higher density leading to more demand for parking on verge and nature strips.

However, I am looking actual data on the education and enforcement activities taken regarding parking on nature strips.

Please note that I recently submitted an FOI request to TCCS seeking more granular data on tree refusal and "re-routing". "

I intend to provide the results to various media outlets.

Fee Waiver

If you wish to apply for a fee waiver, the Act sets out a number of provisions to do so:

- The information being requested was previously publicly available but no longer is.
- The information being requested is of special benefit to the public (Identified by the Ombudsman under section 66 of the Act).

 relation to a pension under the <u>Veterans' Entitlements Act 1986</u> or the <u>Military Rehabilitation</u>
 and <u>Compensation Act 2004</u>; a current gold card; or a card prescribed by regulation).
- The applicant is a not-for-profit organisation and the application relates to the activities or purposes of the organisation.
- The applicant is a member of the Legislative Assembly.

The JACS Directorate must waive any fees for providing information if the information was not publicly available and the agency makes the information publicly available before or within 3 working days after giving it to the applicant.

Fee waiver application (fill in if applicable. Otherwise leave blank)

Authority

I am an Information Officer appointed by the CMTEDD Director-General under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Timeframes

In accordance with section 40 of the Act, CMTEDD is required to provide a decision on your access application within 30 days.

Therefore, a decision is due by 17 April 2024.

Decision on access

Searches of CMTEDD records have identified one document within the scope of your request.

I have decided to grant full access to the relevant document.

Statement of Reasons

In accordance with section 54(2) of the Act a statement of reasons outlining my decisions is below. In reaching my access decisions, I have taken the following into account:

- the Act
- the information that falls within the scope of your request.

As a decision maker, I am required to determine whether the information within scope is in the public interest to release. To make this decision, I am required to:

- assess whether the information would be contrary to public interest to disclose as per **Schedule 1** of the Act.
- perform the public interest test as set out in section 17 of the Act by balancing the factors favouring disclosure and factors favouring non-disclosure in **Schedule 2** of the Act.

Public Interest Test

The Act has a presumption in favour of disclosure. As a decision maker I am required to decide where, on balance, public interests lies. As part of this process I must consider factors favouring disclosure and non-disclosure.

In Hogan v Hinch (2011) 243 CLR 506, [31] French CJ stated that when 'used in a statute, the term [public interest] derives its content from "the subject matter and the scope and purpose" of the enactment in which it appears'. Section 17(1) of the Act sets out the test, to be applied to determine whether disclosure of information would be contrary to the public interest. These factors are found in subsection 17(2) and Schedule 2 of the Act.

<u>Schedule 2: Factors to be considered when deciding the public interest.</u>

Taking into consideration the information contained in the document found to be within the scope of your request, I have identified that the following public interest factor is relevant to determine if release of the information contained within this document is within the 'public interest'.

Factors favouring disclosure (Section 2.1)

• Section 2.1(a)(iii) - inform the community of the government's operations, including the policies, guidelines and codes of conduct followed followed by the government in its dealings with members of the community.

I have placed substantial weight on the above factor. I appreciate that statistical information regarding parking on nature strips will provide the Canberra community with greater insight into the parking operations of the ACT government.

I did not identify any factors in favour of nondisclosure.

Release of documents

The information being released to you is provided at **Attachment A**.

Processing charges are not applicable for this request because the number of pages released to you is below the charging threshold of 50.
