Dear 

Thank you for your letter of 25 October 2013 regarding your constituents' concerns about parking in Staverton Place Lyons.

I am advised by the Office of Regulatory Services that Parking Operations have regularly attended Staverton Place and are aware of the concerns by residents about vehicle access for visiting community nurses and volunteers from Meals on Wheels. I understand parking officers have been monitoring vehicles that have been over staying in the timed parking zones and infringement notices have been issued to deter this illegal activity. I am advised that motorists' parking behaviours are changing in the area.

I have requested that Parking Operations continue to closely monitor parking activity in this area to deter motorists from parking in contravention of the Australian Road Rules. If your constituents have any further concerns, Parking Operations can be contacted on 6207 7200 or via email at [parking.operations@act.gov.au](mailto:parking.operations@act.gov.au).

Thank you for bringing this issue to my attention.

Yours sincerely

Dear 

**RE: PARKING INFRINGEMENT NOTICE NUMBER 1038240128/2715116159**

Thank you for your correspondence concerning the above Parking Infringement Notice

Your request has been processed as an Application for a Withdrawal of an Infringement under Section 34 of the *Road Transport (General) Act 1999*. I have determined the Parking Infringement Notice cannot be withdrawn.

The reason for this decision is that under the Australian Road Rules 205 (1) a driver must not park continuously on a length of road, or in an area, to which a *permissive parking sign* applies for longer than the period indicated by information on or with the sign.

Inspector notes confirm that your vehicle was chalked at 10:56am using a / mark. The area was checked and an infringement notice was issued at 14:32pm after the inspector conducted a chalk test to conclude the vehicle had exceeded the time limit in the area.

The Issuing Inspector has noted you moved your vehicle forward 1 parking bay and the chalk mark was still clear.

Time limited areas are designed to ensure all motorists have equal access to free short stay parking. Motorists' are required to comply with the restrictions governing the location and must move their vehicle away from the area after parking for the permitted period.

When using short stay time limited areas, motorists are required to leave the area within the time limit indicated on the sign. Unfortunately, merely moving bays does not constitute leaving the area and is in contravention of Rule 205 of the Australian Road Rules.

Unfortunately, I am unable to withdraw the above parking infringement under a good record as you are short of the 5 year period.

I now have an obligation under the *Road Transport (General) Act 1999* to inform you of your options in this matter. Please ensure you have exercised one of the following options by 25 February 2014. Failure to exercise an option by the revised due date will result in a reminder notice being generated. The penalty amount will be increased by the cost of serving the reminder notice. This fee is currently \$34.00.

You may pay the prescribed penalty amount of \$91.00 prior to 27 March 2014 and the matter will be considered finalised. Please refer to the information on the Parking Infringement Notice regarding payment details.

Alternatively you may dispute liability for the offence in accordance to Section 51 of the *Road Transport (General) Act 1999*. To do this you must notify this office in writing by 25 February 2014, stating that you dispute liability for the Parking Infringement Notice and provide the grounds you rely on. If you dispute liability and the infringement notice is not withdrawn the matter will be referred to the ACT Magistrates Court for determination.

Or you may request additional time to pay this penalty. To do this you must notify the Authority in writing requesting an extension of time to pay the penalty notice, no later than 27 March 2014.

**The decision not to withdraw this infringement notice made under section 35(1)(b) of the *Road Transport (General) Act 1999* is reviewable.**

You have the right to apply for an internal review of this decision. Applications for review should be addressed to:

03-Mar-2011	16	Email	Customer [REDACTED] - 03/03/2011 10.08 AM The building we live in have disability residents. The parking for residents is underground. Across from the building there are 3 one hour parking and 2, 2 hour parking spots. Every morning several cars (the same ones most everyday) park there. They get out of their cars and walk across the street to work. They do not return for hours and hours. Most of us living here have services that come here weekly. Its horrible when they come and there is no place for them to park. Is there anyway that tickets can be issued to these cars??? They do not belong here. I see this go on day after day.. Can you help me or is there someone else I need to contact? Thank you for your help,, [REDACTED]

20-Jun-2011	16	Email	I have called the "parkies" several times about the illegal parking on our street (Staverton Place). This is a dead end road with only 5 parking places. Everytime I call NO one comes and does anything about it. But for some reason the very next day most of the cars have moved to only come back. This is a every day thing. Our building houses older and disabled residents. Many of us have social workers, therapist, sitters to name a few services come here. With NO place to park they have to drive around the area for a place to park most often. I have pictures (on my mobile) and plate numbers of many cars parked illegally. The parking signs are clearly marked..... ** Why can't the "parkies" come look at the illegal parked cars????? For over 3 months I have seen NO ONE writing tickets to these cars that park here for hours and hours. The signs are marked clearly for 2 hour parking and 1 hour parking. They work across the street. If tickets were to be given out maybe the problem of the illegal parking could stop. What do you think ??? Thank you for your time. [REDACTED]

Subject: RE: Proposed Change to Parking Restrictions on Staverton Place Lyons - C14-67

I am a resident [REDACTED] in Staverton Place Lyons and received your notice regarding changes to the parking in Staverton Place. I would also like to point out that it is residences for the elderly.

We do have issues regarding the parking, but I do not believe that changing them to a 30 minute time limit is the answer.

[REDACTED]

Most residents have cleaners, carers and other necessary visitors for health concerns and half an hour parking is not sufficient. We do have limited car parking available under our building, but never know from day to day if there is any vacant. Also it would be a bit hard to get the security swipe card down to them to enable them to park.

[REDACTED]

I would also like to point out that the parking inspectors only seem to patrol the area after receiving numerous phone calls from the residents and also, whilst the building has been going on across the road, they have not patrolled once, even when residents have complained.

Whilst I do not have an answer I feel a change to half hour parking would only be a disadvantage to the residents and their ongoing needs. Maybe better policing by the parking inspectors would be beneficial.

Sincerely

[REDACTED]
