

19/391 The ACT Infrastructure Plan

Summary of Impacts

The proposal would have positive impacts on the Government priorities flowing from:

- alignment of the Government's Capital Works Program, to the Infrastructure Plan;
- improved Government decisions on new project proposals through planning and better prioritisation of projects; and
- alignment of Infrastructure investment within a fiscally sustainable model for the Government.

Key to impacts: Red – negative, Blue – neutral, Green – positive.

Social

Nil Impact.

Economic
