

Triple Bottom Line (TBL) Assessment Summary

The Triple Bottom Line Assessment is required to be published in accordance with Part 4, section 23 (1)(b) of the Freedom of Information Act 2016

20/517 ACT COVID-19 Outbreak Management Framework

Summary of impacts:

- The purpose of this Cabinet Submission is to table the ACT COVID-19 Outbreak Management Framework.
- The Framework formalises the ACT Health Sector operational arrangements currently in place to manage outbreaks and integrates with guidelines and standards for various high-risk settings.
- The Framework also integrates the ACT Health Sector response to a COVID-19 outbreak with whole-of-government emergency management arrangements.
- The Framework provides effective governance, clear roles and responsibilities, and efficient public information messages to respond to a COVID-19 outbreak.
- Overall, this submission has a neutral impact.

| Level of impact | Positive | Negative | Neutral |
|-----------------|----------|----------|---------|
|-----------------|----------|----------|---------|

Social

This submission has a positive impact on social indicators, as it formalises the ACT Health Sector operational arrangements currently in place to manage outbreaks and integrates with guidelines and standards for various high-risk settings.

The submission has no measured impact on other social indicators such as gender equality, access to services or justice and crime.

Economic

Nil impact.

Environmental
