30 August 2018

To the CMTEDD FOI Information Officer,

**RE: request for investigation records held by Access Canberra**

I wish to apply for access under the *Freedom of Information Act 2016* to certain records held by Access Canberra.

In 2017, I made two complaints about conduct at the Canberra Greyhound Racing Club (CGRC) that were investigated by Access Canberra. The first complaint was about alleged race fixing, and this was investigated by Corey Dashwood. The second complaint was about the reporting of post-race swab results, and this was investigated by Corey Dashwood and then Andrew Nolan.

I have attached the inspectors' findings to the end of this letter, to enable easy identification of the investigations I am requesting information on. My apologies for any confusion caused - I changed my last name from [REDACTED] in between the two complaints.

I would like my request for the following information to be considered:

1. All correspondence (including email attachments) and record of meetings (including dates, attendees and meeting notes) between the Access Canberra inspectors and members or employees of the CGRC (including [REDACTED]) in relation to my complaints.
2. All correspondence (including email attachments) and record of meetings (including dates, attendees and meeting notes) between the Access Canberra inspectors and employees of Greyhound Racing NSW in relation to my complaints.
3. All documents or records obtained by Access Canberra relating to wagering on Race 9 on 9 October 2016 and Race 3 on 16 October 2016.
4. All documents or records obtained by Access Canberra relating to swabbing at the Canberra Greyhound Racing Club, including records of swab analyses, testing and results.

Please do not hesitate to contact me if you require further information. I can be contacted on my email [REDACTED]

Regards,  
[REDACTED]

Our ref: CMTEDDDFOI 2018-0230

[REDACTED]  
via email: [REDACTED]

Dear [REDACTED]

### **FREEDOM OF INFORMATION REQUEST**

I refer to your application under section 30 of the *Freedom of Information Act 2016* (the Act), received by the Chief Minister, Treasury and Economic Development Directorate (CMTEDD) on 30 August 2018 in which you sought access to information under the *Freedom of Information Act 2016* (the Act).

Specifically, you sought access to:

- 1) *"All correspondence (including email attachments) and record of meetings (including dates, attendees and meeting notes) between the Access Canberra inspectors and members or employees of the CGRC ([REDACTED] [REDACTED] Tutt) in relation to my complaints.*
- 2) *All correspondence (including email attachments) and record of meetings (including dates, attendees and meeting notes) between the Access Canberra inspectors and employees of Greyhound Racing NSW in relation to my complaints.*
- 3) *All documents or records obtained by Access Canberra relating to wagering on Race 9 on 9 October 2016 and Race 3 on 16 October 2016.*
- 4) *All documents or records obtained by Access Canberra relating to swabbing at the Canberra Greyhound Racing Club, including records of swab analyses, testing and results."*

### **Authority**

I am an authorised Information Officer appointed by the Director-General of CMTEDD under section 18 of the Act to deal with access applications made under Part 5 of the Act.

### **Timeframes**

In accordance with section 40 of the Act, CMTEDD was required to provide a decision on your access application by 27 September 2018. However, the due date has been extended to 19 October 2018 due to third party consultation.

### **Third Party Consultation**

In making this decision, I completed consultation with a number of third party in accordance with section 38 of the Act. The views of identified third parties were taken into account in making this decision.

### **Decision on access**

A search of CMTEED records was conducted and resulted in 39 documents being identified that fall within the scope of your request.

I have decided to grant full release to 5 documents, partial release to 28 documents and exempt from release the remaining 6 documents as I consider the redacted information would, on balance, be contrary to the public interest to disclose under the test set out in section 17 of the Act. Documents Ref No. 18-39 have been withheld pending the third party review period. Please note documents that are fully exempt from release have been removed from the document binder.

I have included as Attachment A to this letter the schedule of relevant documents. This provides a description of each document that falls within the scope of your request and the access decision for each of those documents. The documents released to you are provided as Attachment B to this letter.

In accordance with section 54(2) of the Act a statement of reasons outlining my decision is below.

### **Statement of Reasons**

In reaching my access decision, I have taken the following into account:

- the Act;
- the content of the documents that fall within the scope of your request;
- the views of relevant third parties; and
- the *Human Rights Act 2004*.

### **Exemption claimed**

My reasons for deciding not to grant full access to the identified documents and components of these documents are as follows:

#### Public Interest Test

The Act has a presumption in favour of disclosure. As a decision maker I am required to decide where, on balance, public interests lies. As part of this process I must consider factors favouring disclosure and non-disclosure.

In *Hogan v Hinch* (2011) 243 CLR 506, [31] French CJ stated that when 'used in a statute, the term [public interest] derives its content from "the subject matter and the scope and purpose" of the enactment in which it appears'. Section 17(1) of the Act sets out the test,

to be applied to determine whether disclosure of information would be contrary to the public interest. These factors are found in subsection 17(2) and schedule 2 of the Act.

*Factors favouring disclosure (Schedule 2 section 2.1)*

Taking into consideration the information contained in the documents found to be within the scope of your request, I have identified that the following public interest factors in favour of disclosure are relevant to determine if release of the information contained within these documents is within the 'public interest'.

- (a) disclosure of the information could reasonably be expected to do any of the following:*
  - (ii) contribute to positive and informed debate on important issues or matters of public interest;*
  - (xiii) contribute to the administration of justice generally, including procedural fairness*

Having considered the factors identified as relevant in this matter, I consider that release of the information contained in the documents may contribute to positive and informed debate on matters of public interest. The documents identified as being within the scope of the request contain swabbing and wagering information in relation to greyhound racing that I consider is a matter of public interest. The documents identified also contain a number of communications between the Directorate and external organisations in relation to your complaints about greyhound racing. I consider the release of this information may contribute to the administration of justice generally by allowing you to have a complete record of the interactions between the Directorate and relevant external organisations and the steps taken to resolve your complaint. I am satisfied both factors favouring disclosure carry significant weight. However, this weight is to be balanced with the weight of factors favouring non-disclosure.

*Factors favouring non-disclosure (Schedule 2 section 2.2)*

Taking into consideration the information contained in the documents found to be within the scope of your request, I have identified that the following public interest factors in favour of non-disclosure are relevant to determine if release of the information contained within these documents is within the 'public interest'.

- (a) disclosure of the information could reasonably be expected to do any of the following:*
  - (ii) prejudice the protection of an individual's right to privacy or any other right under the Human Rights Act 2004;*
  - (xi) prejudice trade secrets, business affairs or research of an agency or person;*

When considering the documents and factors in favour of non-disclosure, I have considered the personal information of staff members contained in the documents. I am satisfied that the names, contact information and signatures of the ACT Government employees should be released as these individuals were acting in their official capacity and the personal information being released is done so in relation to these individuals

exercising their delegations in a work related capacity. I do not consider the release of this information is unreasonable or could prejudice their right to privacy.

However, I consider it is unreasonable to release the names, contact information and signatures of individuals that are not ACT Government employees as prejudice the protection of an individual's right to privacy or any other right under the *Human Rights Act 2004*. In addition, I have considered the identifying information of the animals contained in the documents. This includes the names and ear brands of the greyhound dogs. I consider it is unreasonable to release this identifying information as the release of it could identify the trainers and owners of the greyhound dogs and reveal details of the dogs' swab results which is not publicly available. I am of the opinion that release of these details may prejudice the protection of an individual's right to privacy or any other right under the *Human Rights Act 2004*. I am satisfied that this factor favouring non-disclosure should be afforded very significant weight as it relates to individual privacy. Accordingly, I have decided to withhold from disclosure the personal identifying information.

The second factor in favour of non-disclosure is in relation to the impact that disclosing the information related to the business affairs of a number of businesses operating in the racing and gambling industry. In the case of *Re Mangan and The Treasury* [2005] AATA 898 the term 'business affairs' was interpreted as meaning 'the totality of the money-making affairs of an organisation or undertaking as distinct from its private or internal affairs'. Schedule 2 section 2.2 allows for government information to be withheld from release if disclosure of the information could reasonably be expected to prejudice the trade secrets, business affairs or research of an agency or person.

The documents identified contain betting transactions provided by the betting companies. Those transactions contain names of individuals who placed the bet, the betting amount, the venues accepted the bet and types of bet. I consider the release of such information could provide the competitors and customers of the businesses with commercially valuable information and insights that is not known to the public. I am satisfied that this commercially valuable information is directly related to the money making affairs of those businesses and the release of it could prejudice business affairs of the businesses.

When reviewing the drug screening certificates and related swabbing information, I consider it is unreasonable to release the name of the lab that conducted the tests and the sample and certificate numbers as this information can be used to work out the threshold of swab test adopted by the Canberra Greyhound Racing Club. The club is still operating in the racing industry in other jurisdictions and they should be able to effectively conduct swab test and analysis for greyhound dogs. The release of this information could significantly undermine the effectiveness of these tests if the public know how the results will be assessed. The reduction in the quality of swab test could affect the assessment of greyhound dogs which as a result could prejudice the business

affairs of the club. I am satisfied that this factor favouring disclosure carries very significant weight and I have decided to withhold from disclosure this information.

Noting the pro-disclosure intent of the Act, I am satisfied that redacting only the information that is not in the public interest to release, while releasing the rest of the documents will ensure the intent of the Act is met and will provide you with access to the majority of information held by CMTEDD within the scope of your request.

### **Charges**

Pursuant to *Freedom of Information (Fees) Determination 2017 (No 2)* processing charges are applicable for this request because the total number of pages to be released to you exceeds the charging threshold of 50 pages. However, the charges have been waived in accordance with section 107(2)(b) of the Act.

### **Online publishing – Disclosure Log**

In accordance with section 28 of the Act, CMTEDD maintains an online record of access applications in the form of a disclosure log. Your original access application, my decision and documents released to you in response to your access application will be published in the CMTEDD disclosure log after 24 October 2018. Your personal contact details will not be published. The CMTEDD disclosure log is at <http://www.cmd.act.gov.au/functions/foi/disclosure-log>.

### **Ombudsman Review**

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in CMTEDD disclosure log, or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision you may write to the Ombudsman at:

The ACT Ombudsman

GPO Box 442

CANBERRA ACT 2601

Via email: [actfoi@ombudsman.gov.au](mailto:actfoi@ombudsman.gov.au)

### **ACT Civil and Administrative Tribunal (ACAT) Review**

Under section 84 of the Act, if a decision is made under section 82(1) on an Ombudsman review, you may apply to the ACAT for review of the Ombudsman decision. Further information may be obtained from the ACAT at:

ACT Civil and Administrative Tribunal

Level 4, 1 Moore St  
GPO Box 370  
Canberra City ACT 2601  
Telephone: (02) 6207 1740  
<http://www.acat.act.gov.au/>

Should you have any queries in relation to your request please contact me by telephone on 6207 7754 or email [CMTEDDFOI@act.gov.au](mailto:CMTEDDFOI@act.gov.au)

Yours sincerely,

Dear Andrew,

Thank you for your response and for your acknowledgement of my patience with this process, which I note has been ongoing since mid March when Minister Ramsay forwarded my complaint to Access Canberra.

I would appreciate any updates or timeline that you are able to provide.

Regards,  
[REDACTED]

Hi Corey,

I've just seen the [Canberra Times article](#) regarding my swabs complaint to Minister Gordon Ramsay.

As I hadn't heard from you, I'm surprised Kel Watt has been quoted saying "the Gambling and Racing Commission found there was no cause for concern and no substance to the allegations early last month".

Can you please confirm the status of this investigation?

Hi again Corey,

I hope you're well.

Can you please confirm when the CGRC are required to provide you with the information required to respond to this complaint?

The CGRC would need to pull their records for the remaining 28 uncleared swabs and provide Access Canberra or the Minister with the official lab results confirming those swabs were either free or not free of prohibited substances. I had imagined the Club would keep these type of records on file and in a way that they could be readily produced.

Kind regards,  
[REDACTED]

Hi [REDACTED]

That's totally fine.

CGRC are still looking into the missing swabs, this may take longer than expected due to the media attention they are currently receiving. I will call/email you as soon as I have received this information.

On another note, would you like to attend CGRC and see for yourself, regarding procedures as you mentioned in your previous email? If you would like to attend just send me an email and I will organise this.

Hi Corey,

Apologies for any confusion - I recently changed my last name and email address.

Thank you for your call last week regarding your visit to the Canberra Greyhound Racing Club, and for walking me through some general raceday procedures (kennelling, stir up, swab ballot system etc.). It all sounds typical of the various NSW tracks that I've attended to watch the races, but noting the safety improvements to the rail.

I'm just following up on the swab complaint, as you mentioned you would have a meeting with the Club last Wednesday 27 June to discuss the issue of uncleared and missing swabs. Has there been any progress on this matter?

Kind regards,

[REDACTED]

Hi Corey,

I've just seen the [Canberra Times article](#) regarding my swabs complaint to Minister Gordon Ramsay.

As I hadn't heard from you, I'm surprised Kel Watt has been quoted saying "the Gambling and Racing Commission found there was no cause for concern and no substance to the allegations early last month".

Can you please confirm the status of this investigation?

Regards,

Hi again Corey,

I hope you're well.

Can you please confirm when the CGRC are required to provide you with the information required to respond to this complaint?

The CGRC would need to pull their records for the remaining 28 uncleared swabs and provide Access Canberra or the Minister with the official lab results confirming those swabs were either free or not free of prohibited substances. I had imagined the Club would keep these type of records on file and in a way that they could be readily produced.

Kind regards,

[REDACTED]

Hi [REDACTED]

That's totally fine.

CGRC are still looking into the missing swabs, this may take longer than expected due to the media attention they are currently receiving. I will call/email you as soon as I have received this information.

On another note, would you like to attend CGRC and see for yourself, regarding procedures as you mentioned in your previous email? If you would like to attend just send me an email and I will organise this.

Hi Corey,

Apologies for any confusion - I recently changed my last name and email address.

Thank you for your call last week regarding your visit to the Canberra Greyhound Racing Club, and for walking me through some general raceday procedures (kennelling, stir up, swab ballot system etc.). It all sounds typical of the various NSW tracks that I've attended to watch the races, but noting the safety improvements to the rail.

I'm just following up on the swab complaint, as you mentioned you would have a meeting with the Club last Wednesday 27 June to discuss the issue of uncleared and missing swabs. Has there been any progress on this matter?

Kind regards,

[REDACTED]

Subject: RE: Canberra races 9/10/16  
Date: 10 January 2017AD 5:14 pm  
To: [REDACTED]

Hi [REDACTED],

Thanks for your enquiry.

Greysynd Ace was to race at Richmond track on 5<sup>th</sup> October 2016 but was scratched by Stewards after the greyhound did not make the correct weight. Subsequently the greyhound was issued with a fine and standdown period of 10 Days but was not recorded in the Steward's Report for the meeting and not entered in the data base.

On the 9<sup>th</sup> October the greyhound was engaged for the Canberra Meeting and subsequently won the event, Race 9. Stewards were unaware of the greyhound being stood down from Richmond as it did not flag on the pre Stewards Report ( as it was not entered) for this meeting but on the Monday morning it was discovered by Stewards that the greyhound was under a stand down period and was disqualified from the event. Under the disqualification the trainer had to refund the prizemoney and it was issued to the second placegetter who is now deemed the first place getter.

I hope this covers it.

Regards  
[REDACTED]

Subject: Canberra races 9/10/16

Dear [REDACTED],

I hope you don't mind, Wayne Billet provided your email as the Canberra Steward after I enquired about race 9 on 9th October 2016 at the Canberra Greyhound Racing Club.

It appears the winning dog, Greysynd Ace, has been disqualified from the race. However, I cannot find any related Inquiry Report for this incident.

Are you able to please clarify why Greysynd Ace is no longer in 1st place and what "LGD" means as a race result?

I look forward to your response.

Regards,  
[REDACTED]

From: **Goulburn Greyhound Racing Club** goulburngrc@bigpond.com  
Subject: RE: Canberra races 9/10/16  
Date: 11 January 2017AD 4:44 pm  
To: [REDACTED]

Hi [REDACTED]

The Richmond Steward's Report was amended after it was reported to GRNSW that it did not show on the report. Also, the stand down periods are not recorded on the greyhounds registration papers but are now entered into a data base system called OzChase. The advantage of this system is that greyhounds cannot nominate for an event whilst under an incapacitation stand down period, but is reliant on **officials entering the information into** the system.

I will chase up what LGD stands for.

Regards  
[REDACTED]

**From:** [REDACTED]  
**Sent:** Wednesday, 11 January 2017 4:28 PM  
**To:** Goulburn Greyhound Racing Club <goulburngrc@bigpond.com>  
**Subject:** Re: Canberra races 9/10/16

Hi [REDACTED]

Thank you for your quick response.

Could you please explain what "LGD" stands for?

I am just a little confused because the Stewards Report for Richmond does have 'weight variation' for Greysynd Ace recorded in the Late Withdrawals section and again in the Summary (attached).

Further, the weight variation and stand down should have been recorded on the dog's registration card at weigh in at Richmond, and this should've been visible to Stewards at Canberra on the 9th Oct before he raced.

Thank you, again, for taking the time to clarify this.

Regards,  
[REDACTED]

PS. [REDACTED] is great, thank you for asking.

Hi Henry/Corey

I've been informed the min response is due in the system tomorrow..ha.

So tomorrow can we do a general response from the minister, indicating the matter has been forward to Access Canberra (ACT GRC) for further enquiries and he understands AC have been in contact with her and we will advise her of the outcome of our enquiries.

Obviously you need to get in touch with the complainant.

Have a chat between yourselves about who's doing what.

Andrew – can you watch over this pls – may need your assistance in wording.

Thx

Dan

**To:** ACDLO  
**Subject:** FW: Suspicious greyhound race in Canberra

Hi Kate,

On Wednesday 5 October 2016, GREYSYND ACE was entered in a race at the Richmond racetrack in NSW. At weigh in it was found that his weight varied by more than 1 kg from his last starting weight so he was scratched and issued a 10 day incapacitation certificate. This is standard practice and all trainers and participants are aware of these rules. The stewards report for Richmond records the late scratching and 10 day incapacitation (stand down period) for GREYSYND ACE.

### Canberra meeting

Only 4 days later GREYSYND ACE was allowed to race in race 9 in Canberra on Sunday 9 October 2016. The steward, Patrick Day, "failed" to pick up the scratching at Richmond, the weight variation or the incapacitation certificate. Every greyhound has a registration card on which its races and weights are recorded and initialed by the race steward at each race meeting. The trainer would also have been aware of the incapacitation certificate.

GREYSYND ACE won Race 9 in Canberra, he lead all the way from the boxes and won by 8 lengths. He started at fixed odds of 19/1 and tote odds of 15/1 and the trifecta paid \$1077.50 and the quinella \$113.10. These are exceptional odds especially considering there were only six starters in the race. The race results were given the all clear, dividends paid and GREYSYND ACE was swabbed, which reportedly came back negative.

### Late disqualification

On the next Monday 10 October 2016, Patrick Day says he became aware that GREYSYND ACE was subject to the 10 day incapacitation certificate so the dog was disqualified. He blames GRNSW for not entering the incapacitation certificate on the Richmond stewards report and failing to record it on the Oz Chase database system. He now claims that GRNSW has altered the Richmond stewards report from 5 October.

GRNSW have since admitted these details did not originally show in the Richmond Stewards Report (there was an "administrative oversight"); however, they claim the Richmond officials recorded all the necessary details in OzChase and the dogs registration papers. This would mean that the Canberra Steward ignored what was written on those papers prior to letting GREYSYND ACE compete in Canberra.

- 1 weight paper does not indicate breach
- Greyhound rescue group.
- Only 2 bets received!  
\$50 \$20.
- Steward's report is produced every meeting.

Meeting with CGRC – Sch 2 (Chief Steward) and Sch 2 s2.2(a) (Secretary Manager)

Access Canberra- Henry Wojcik, Corey Dashwood, Andrew Nowlan

0935 - 1025

Did not receive email from GRNSW advising of scratching.

HW – Advised we have been in contact with grnsw – info obtained – from OzChase too

OzChase was only granted and used for the viewing of mobile numbers – no training provided for CGRC as to how other parts of the system are used.

Sc – weight card indicates that the dog was scratched given that a line was drawn through the card. The weight for the scratched race is then not considered for the next meeting – rule 39(2) allows for a dog to race with a variance of not more than 2kg.

The scratching should be initialled and the rule relating to the scratching should be applied.

Why has the penalty applied been quashed? Need more info.

Sch – Advised that the weighing officials have overlooked the line through the dog's name.

The onus is on the greyhound owner to inform the club of whether their animal is under an incapacitation.

Sch has asked for the club to conduct an independent review into how scratching are handled and further training on the use of OzChase system to confirm the status of animals.

Sch indicated that there appears to be an issue of real time system reports – cited an example of an animal being scratched early in the week and then several days later was deemed eligible to race.

A roster system is used and Sc advises of availability. GRNSW can provide stewards if required however they are cost prohibitive.

Sc - 3-5 swabs done per meeting. Steward's discretion as to who is done – suspicious betting activity, poor performance etc. Sch 2 was not swabbed as poor performance was not a factor, the animal was checked several times which caused it to lose unrecoverable ground and ran wide on the second turn. Also, it was the first race at that distance for the animal.

AN advised that the club as controlling authority should have a level of access to the OzChase system allowing for them to access full scratching or other details as to the eligibility of greyhounds to race.

Sch advised that he was misquoted by [redacted] with regard to his comment of how Steward's did not check details for Richmond in OzChase – Sc advises that he stated **they may not** have entered those details. The penalty for Greysynd was indicated as quashed which then does not provide any flags for steward's to be aware of. Owner fined and suspended – details provided in steward's report.

GRNSW have provided training to all kennel staff on procedures relevant to the kennelling functions – certificate of competencies are held by all involved persons.

Club is adopting/trialling a water policy that sees the club provide a bottle of water for the greyhound to consume – some owners are not happy as they lose control of what is being potentially fed to their animal and opens it up to illegal substances possibly being fed to the animal.

Further notes on the day by Henry Wojcik in addition to AN notes

**29/03/2017 09:40** Inspectors Corey Dashwood, Henry Wojcik and Andrew Nowlan attended the Canberra Greyhound Racing Club. Steward Sch 2 and Secretary Sch 2 s2.2(a) were present and were interviewed on questions in the email and issues raised in The Canberra Times.

Sch 2 s2.2(a) advised once again that the Club did not access Meeting Exception Report on the day because she was not educated in the system and relied in emails from GRNSW about scratchings and issues affecting dogs.

Sch 2 advised that she does not use them as a reliable guide now because information inputted into OzChase quite often is not real time and the Club may scratch a dog from a race that it was eligible to enter after fulfilling a condition that was not inputted into OzChase in a timely manner. A dog may be subject to trial before a race and may trial in between its nomination and the system receiving the more current information. See AN notes.

# SCRATCHINGS PROCESS

## WEDNESDAY AND SUNDAY

- Have Scratchings word doc, and trainers excel doc ready prepared to go.
- Look for new trainers and sms/txt them “Just a reminder, all scratchings for Canberra Greys to be sent to 0262953554 before 9.30am race day. Regards xxx”**
- Check exceptions report sent every Friday by GRNSW VIA email for any dogs which may be ineligible. Scratch any dogs which are found to be ineligible.**
- Put copied fields from Grading with all trainer details etc. into SCRATCHINGS FOLDER
- Mark all scratchings with RED pen (SCR) against greyhound scratched
- Mark (Box No.) against the reserve going in. Fill in Scratchings form
- Fill in excel trainers sheet, and word scratchings form as you go.
- Ring [REDACTED] around 8.30am. Put selections in RED onto fields sheet
- Put selections into Scratchings word doc \*\*\*\*\*COPY AND PASTE NAMES SO THAT THERE ARE NO SPELLING ERRORS\*\*\*\*\*
- Sunday - Open OzChase – go to racing tab, open race meeting, click on meeting exceptions...print. Check against exceptions report received from GRNSW on the Friday for any additions of greyhounds to the list. If there are any additions scratch any greyhounds which are ineligible.**
- Ensure you notify all trainers that you have received their scratching, plus notify all trainers who have reserves running. Mark clearly who you spoke to, txt, email, fax, etc...put correct time on sheet also
- Once all docs completed...check check check....before emailing SCRATCHINGS WORD DOC COPIED ONTO EMAIL to 'AAA- TABCORP' <racedaymanager@tabcorp.com.au>; 'control. au' <control.centre@unitab.com.au>; [REDACTED] <steward@canberragreyhound.com.au>; 'Ausrace' admin@australianracinggreyhound.com
- RING TABCORP STRAIGHT AWAY 03 9207 5121 , AND VERBALLY CHECK EVERY SCRATCHING BEFORE THEY INPUT INTO THEIR SYSTEM (THIS IS THE ONLY WAY TO STOP THE MANUAL ERRORS GOING INTO TAB SYSTEM)**
- Save Scratchings as a pdf, go to website and update scratchings.
- Go to trainers and jackpot dog sheet, complete all scratchings, print out kennels & weights, plus PT's for kennel supervisor.
- Copy and Save the Starters worksheet, sort by alpha...remove duplicate names, remove lines, add left line, box in every second trainer, put amount of starters in the sheet..
- Put colour blue over trainers who are GST registered, copy GST Trainer, greyhound, race etc. details onto GST Template, and put into Race Day Office Folder..Emma in RDO will ensure trainers fill in split details and sign..
- PRINT EXCEPTION REPORT FOR STEWARD JUST BEFORE KENNELING TO MAKE SURE THERE ARE NO LATE ADDITIONS TO REPORT.**

**Sent:** Monday, 6 March 2017 12:30 PM  
**To:** Dashwood, Corey  
**Subject:** RE: Greysynd Ace 5 October 2016 [SEC=UNCLASSIFIED]  
**Attachments:** Greysynd Ace 214609.pdf

Dear Mr Dashwood,

Please see the below responses (red) supplied in accordance with the Gambling and Racing Control Act 1999 (the Act) as indicated in your email dated 23 February 2017.

- What access level did Canberra Greyhound Racing Club officials have to OzChase in early October 2016 prior to 10 October 2016.

At 10.58am on 12 July 2013 a user name Sch 2 s2.2(a)(ii) was created in OzChase for the Canberra Greyhound Racing Club (the Club). I am unable to comment on the access level. The Club or OzChase would be the appropriate organisations who could supply such information. The contact details for OzChase are as follows;

Sch 2 s2.2(a)(ii)

Business Analyst – Racing and Corporate  
Racing and Wagering Western Australia  
14 Hasler Road, Osborne Park, WA 6017  
Ph Sch 2 s2.2(a)(ii)  
Email Sch 2 s2.2(a)(ii)

- What was available to be seen by CGRC officials in the OzChase system after final field is declared; partial access?

I refer you to my response above.

- Does GRNSW normally email CGRC about scratchings or other issues that may affect a dog's nomination and when.(day of race or)

The Club complete their own scratching. The Club would be the appropriate organisation who could supply the information requested. In the event of a "Late Scratching" the usual practice for GRNSW races is that an exception report is generated through OzChase each day. This report would identify discrepancies such as those in these circumstances, that is, a greyhound received an incapacitation period, although that greyhound had previously been accepted to race in an event within that incapacitation period. I am unable to comment on whether the Club generated such a report.

- Is it the trainer's responsibility to lodge all details about a dog being scratched from another meeting

It is the on course Stewards responsibility to enter details regarding a "Late Scratching" into OzChase and any incapacitation period. This occurred on 5 October 2016 as required.

- When was the Richmond Steward' s Report for 5 October 2016 amended; initial report indicated all clear.

The Stewards report was corrected as soon as Greyhound Racing NSW (GRNSW) had identified the problem on Monday 10 October 2016. It is necessary to correct a public record when it is clearly incorrect. The correction was made expeditiously.

- Was CGRC alerted to Greysynd Ace incapacitation prior to its starting in Canberra on 9 October 2016, if so by what means (please provide email or other)

I refer you to my response above relating to OzChase exception reports.

Further to the exception report the Club would have been alerted to Greysynd Ace's late withdrawal and subsequent incapacitation period during production and inspection of the weight card by the official at kennelling. The weight clearly depicted the withdrawal of the greyhound identifying this with a line through the entry. The date recorded on the card is 6 October 2016, which is an error as the Richmond event was on 5 October 2016. This minor discrepancy would not have avoided the withdrawal of the greyhound during presentation at Canberra on 9 October 2016 as it was within the 10 day incapacitation period which is set under Greyhound Racing Rules, R39.

- What safeguards are in place to stop an "Incapacitated" or banned greyhound/owner/trainer racing within its stand down period at any track (bearing in mind there appears to be many tracks at which a greyhound may be nominated to compete at)

The incapacitation period is entered into OzChase at the time of the withdrawal. I confirm that OzChase records indicate that the incapacitation was entered by the Richmond oncourse Stewards at 4.35pm Wednesday 5 October 2016.

- Did the Richmond steward issue the trainer Wayne White's son Sch with a written incapacitation order and did he pay a fine if applicable. (please provide a copy if available)

The incapacitation was recorded in the weight card, by placing a line through the relevant entry and no fine was issued.

- Is the trainer's greyhound's weight card/registration stamped/marked if an "incapacitation" order is given. Is a copy kept (please provide)

Please see the attached copy of the weight card.

- Who or how are stewards appointed for Canberra Greyhound Racing Club meetings

The Club is the appropriate organisation who could supply the information requested.

- OzChase: Under Penalty Details in "Edit Greyhound" Greysynd Ace (ID 401910) 05/10/2016 why is Status described as QUASHED printed 13/02/2017. Was this available CGRC officials in early October 2016 and when was it inputted into OzChase.

OzChase indicates the penalty status remains Quashed, under "Penalty Status". The process of entering an incapacitation period involves entering both a "Start Date" and "End Date". The dates entered relating to the Greyhound are "5/10/2016" and "14/10/2016" respectively. The "Penalty Status" changes on expiry to Quashed. The "Penalty Status" would have reflected "Issued" on Sunday 9 October 2016.

If I can be of any further assistance please don't hesitate to call me.

Subject: Greysynd Ace 5 October 2016 [SEC=UNCLASSIFIED]

Dear Mr Dodd

Following my telephone messages left for you recently, could you please provide the ACT Gambling and Racing Commission (the Commission) copies of all relevant documents/emails about Greysynd Ace being withdrawn (& 10 stand down Incapacitation order) from Richmond on 5 October 2016 and its subsequent winning of a race in Canberra on 9 October 2016.

I understand that GRNSW grades all greyhounds for the Canberra Greyhound Racing Club (CGRC) that also includes compilation of race fields after having received nominations through the "OzChase" online nomination database system. I note that a reference to the ACT is not included in OzChase.

Could you please provide a response to the following questions/queries

- What access level did Canberra Greyhound Racing Club officials have to OzChase in early October 2016 prior to 10 October 2016.
- What was available to be seen by CGRC officials in the OzChase system after final field is declared; partial access?
- Does GRNSW normally email CGRC about scratchings or other issues that may affect a dog's nomination and when.(day of race or)
- Is it the trainer's responsibility to lodge all details about a dog being scratched from another meeting
- When was the Richmond Steward's Report for 5 October 2016 amended; initial report indicated all clear.
- Was CGRC alerted to Greysynd Ace incapacitation prior to its starting in Canberra on 9 October 2016, if so by what means (please provide email or other)
- What safeguards are in place to stop an "Incapacitated" or banned greyhound/owner/trainer racing within its stand down period at any track (bearing in mind there appears to be many tracks at which a greyhound may be nominated to compete at)
- Did the Richmond steward issue the trainer Wayne White's son Jake with a written incapacitation order and did he pay a fine if applicable. (please provide a copy if available)
- Is the trainer's greyhound's weight card/registration stamped/marked if an "incapacitation" order is given. Is a copy kept (please provide)
- Who or how are stewards appointed for Canberra Greyhound Racing Club meetings
- OzChase: Under Penalty Details in "Edit Greyhound" Greysynd Ace (ID 401910) 05/10/2016 why is Status described as QUASHED printed 13/02/2017. Was this available CGRC officials in early October 2016 and when was it inputted into OzChase.

Dear Mr Dashwood,

Please see the below responses (red) supplied in accordance with the Gambling and Racing Control Act 1999 (**the Act**) as indicated in your email dated 23 February 2017.

- What access level did Canberra Greyhound Racing Club officials have to OzChase in early October 2016 prior to 10 October 2016.

At 10.58am on 12 July 2013 a user name Sch 2 s2.2(a)(ii) was created in OzChase for the Canberra Greyhound Racing Club (**the Club**). I am unable to comment on the access level. The Club or OzChase would be the appropriate organisations who could supply such information. The contact details for OzChase are as follows;

Sch 2 s2.2(a)(ii)

Business Analyst – Racing and Corporate  
Racing and Wagering Western Australia  
14 Hasler Road, Osborne Park, WA 6017  
Ph Sch 2 s2.2(a)(ii)  
Email Sch 2 s2.2(a)(ii)

- What was available to be seen by CGRC officials in the OzChase system after final field is declared; partial access?

I refer you to my response above.

- Does GRNSW normally email CGRC about scratchings or other issues that may affect a dog's nomination and when.(day of race or)

The Club complete their own scratching. The Club would be the appropriate organisation who could supply the information requested. In the event of a "Late Scratching" the usual practice for GRNSW races is that an exception report is generated through OzChase each day. This report would identify discrepancies such as those in these circumstances, that is, a greyhound received an incapacitation period, although that greyhound had previously been accepted to race in an event within that incapacitation period. I am unable to comment on whether the Club generated such a report.

- Is it the trainer's responsibility to lodge all details about a dog being scratched from another meeting

It is the on course Stewards responsibility to enter details regarding a "Late Scratching" into OzChase and any incapacitation period. This occurred on 5 October 2016 as required.

- When was the Richmond Steward's Report for 5 October 2016 amended; initial report indicated all clear.

The Stewards report was corrected as soon as Greyhound Racing NSW (GRNSW) had identified the problem on Monday 10 October 2016. It is necessary to correct a public record when it is clearly incorrect. The correction was made expeditiously.

- Was CGRC alerted to Greysynd Ace incapacitation prior to its starting in Canberra on 9 October 2016, if so by what means (please provide email or other)

I refer you to my response above relating to OzChase exception reports.

Further to the exception report the Club would have been alerted to Greysynd Ace's late withdrawal and subsequent incapacitation period during production and inspection of the weight card by the official at kennelling. The weight clearly depicted the withdrawal of the greyhound identifying this with a line through the entry. The date recorded on the card is 6 October 2016, which is an error as the Richmond event was on 5 October 2016. This minor discrepancy would not have avoided the withdrawal of the greyhound during presentation at Canberra on 9 October 2016 as it was within the 10 day incapacitation period which is set under Greyhound Racing Rules, R39.

- What safeguards are in place to stop an "Incapacitated" or banned greyhound/owner/trainer racing within its stand down period at any track (bearing in mind there appears to be many tracks at which a greyhound may be nominated to compete at)

The incapacitation period is entered into OzChase at the time of the withdrawal. I confirm that OzChase records indicate that the incapacitation was entered by the Richmond oncourse Stewards at 4.35pm Wednesday 5 October 2016.

- Did the Richmond steward issue the trainer Wayne White's son **Sch 2** with a written incapacitation order and did he pay a fine if applicable. (please provide a copy if available)

The incapacitation was recorded in the weight card, by placing a line through the relevant entry and no fine was issued.

- Is the trainer's greyhound's weight card/registration stamped/marked if an "incapacitation" order is given. Is a copy kept (please provide)

Please see the attached copy of the weight card.

- Who or how are stewards appointed for Canberra Greyhound Racing Club meetings

The Club is the appropriate organisation who could supply the information requested.

- OzChase: Under Penalty Details in "Edit Greyhound" Greysynd Ace (ID 401910) 05/10/2016 why is Status described as QUASHED printed 13/02/2017. Was this available CGRC officials in early October 2016 and when was it inputted into OzChase.

OzChase indicates the penalty status remains Quashed, under "Penalty Status". The process of entering an incapacitation period involves entering both a "Start Date" and "End Date". The dates entered relating to the Greyhound are "5/10/2016" and "14/10/2016" respectively. The "Penalty Status" changes on expiry to Quashed. The "Penalty Status" would have reflected "Issued" on Sunday 9 October 2016.

**Subject:** RE: Greysynd Ace 5 October 2016 [SEC=UNCLASSIFIED]

Dear Mr Wojcik,

Thank you for your email of 20 February 2017.

GRNSW is happy to assist the ACT Gambling and Racing Commission by providing this information.

However, we would appreciate if you could first specify the authority under which you are requesting this information. This will assist us to assess what we can provide in circumstances where the information includes commercial or personal information.

Once we have received your response, we expect to be in a position to provide the information within two weeks.

Kind regards,

Sch 2 s2.2(a)(ii)

**Subject:** Greysynd Ace 5 October 2016 [SEC=UNCLASSIFIED]

Dear [REDACTED]

Following my telephone messages left for you recently, could you please provide the ACT Gambling and Racing Commission (the Commission) copies of all relevant documents/emails about Greysynd Ace being withdrawn (& 10 stand down Incapacitation order) from Richmond on 5 October 2016 and its subsequent winning of a race in Canberra on 9 October 2016.

I understand that GRNSW grades all greyhounds for the Canberra Greyhound Racing Club (CGRC) that also includes compilation of race fields after having received nominations through the "OzChase" online nomination database system. I note that a reference to the ACT is not included in OzChase.

Could you please provide a response to the following questions/queries

- What access level did Canberra Greyhound Racing Club officials have to OzChase in early October 2016 prior to 10 October 2016.
- What was available to be seen by CGRC officials in the OzChase system after final field is declared; partial access?
- Does GRNSW normally email CGRC about scratchings or other issues that may affect a dog's nomination and when.(day of race or)
- Is it the trainer's responsibility to lodge all details about a dog being scratched from another meeting
- When was the Richmond Steward's Report for 5 October 2016 amended; initial report indicated all clear.
- Was CGRC alerted to Greysynd Ace incapacitation prior to its starting in Canberra on 9 October 2016, if so by what means (please provide email or other)
- What safeguards are in place to stop an "Incapacitated" or banned greyhound/owner/trainer racing within its stand down period at any track (bearing in mind there appears to be many tracks at which a greyhound may be nominated to compete at)
- Did the Richmond steward issue the trainer Wayne White's son Jake with a written incapacitation order and did he pay a fine if applicable. (please provide a copy if available)
- Is the trainer's greyhound's weight card/registration stamped/marked if an "incapacitation" order is given. Is a copy kept (please provide)
- Who or how are stewards appointed for Canberra Greyhound Racing Club meetings
- OzChase: Under Penalty Details in "Edit Greyhound" Greysynd Ace (ID 401910) 05/10/2016 why is Status described as QUASHED printed 13/02/2017. Was this available CGRC officials in early October 2016 and when was it inputted into OzChase.

Thanking you in anticipation

 that is totally fine. I understand there are other things you need to be doing even if it's not tomorrow that's understandable. I'm sorry to put you under the pressure with this.

Based on the info you have already provided this should be the last request and then I can finalise the brief.

Thanks again for your help with all this.

Andrew.

Hi Andrew

Ok no problems at all. I will have to do tomorrow as we have been extremely busy today with race day trials etc. I'll be in very early so will aim to have it to you by lunch time or close of business at the latest does that suit you?

Kind Regards

Hi Sch

The original request came from my colleague Corey and I am not sure why these dates were omitted as part of the original request. It's still the same enquiry I'm just seeking further information to get the complete picture for the period I am reviewing if I have gaps then they will need to be explained to my Managers and the Commission Board.

No apologies necessary Sch

Thank you  
Andrew.

Hi Andrew

These are not the dates originally requested (please see attached) so is this a new enquiry? You made it sound like they were missing dates from the original enquiry? I assumed you were after the greyhound that was highlighted in your last email apologies.

Hi Sch

Thanks for sending through that information yesterday. Unfortunately the dates I am missing from the book are from 26 August 2012 through to and inclusive of 12 May 2013. Could you please organise for the other entries in the swab book/vet notes to be provided.

Kind regards  
Andrew.

---

Hi Andrew,

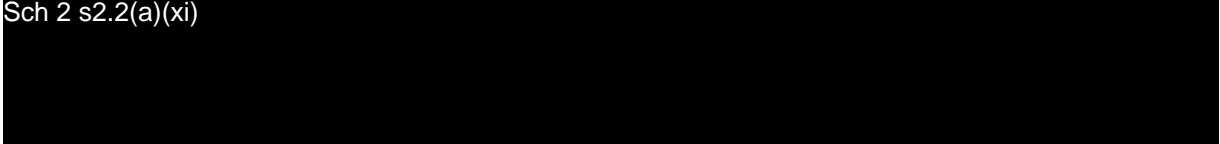

Attached is a copy of the swab book on page of April 2013. It states that the swab for greyhound **Sch 2** was aborted. Unfortunately at the time it was not process for the swab assistant to write notes in the explaining why it was aborted (as is in the process now), however it was noted in the stewards report, excerpt below:

Sch 2 s2.2(a)(xi), Sch 2 s2.2(a)(ii)

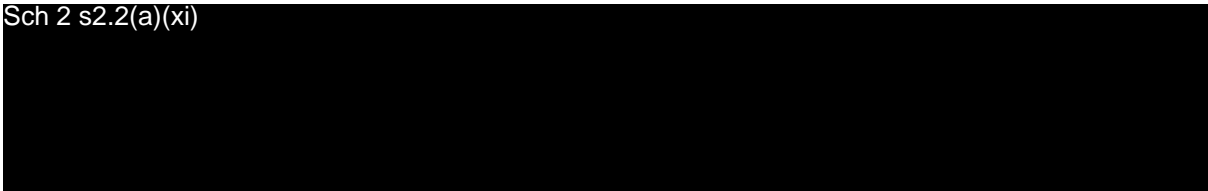

For your information... The only reasons for aborting a swab are:

Sch 2 s2.2(a)(xi)

Sch 2 s2.2(a)(xi)

Please let me know if you require any further information.

Also just a quick note on trials... We are now running trials on a Wednesday from 3.30pm to 6.00pm (booked before Tuesday 3pm) and 6.30pm til 7.30pm (booked before 6.30pm in betting ring) – Due to the expected heat of these warmer months and a desire to have a Veterinarian at all trials

Kind Regards,

Sch 2 s2.2(a)(ii)

Hi Andrew,

No problems at all. Attached is a copy of our swab book for the 23/08/2015 race meeting (date highlighted) and the clearance certificates from **Sch 2 s2.2(a)(xi)**. Please let me know if you require any further information.

Kind Regards,

**Sch 2 s2.2(a)(ii)**

Hi **Sch 2**

Just wondering if you could provide the Swab notes from 23/08/2015 please. There appears to be no entries for it in the documentation sent through.

Thank you,

Andrew.

Hi Sch 2

Yes you will receive information pertaining to the investigation once finalised.

Could you please provide more information in relation to your request 2013/14 and I will look into it for you.

What information are you seeking in relation to the harness and thoroughbred industry so I can provide to you a suitable email address.

Regards

Hi Corey,

Thank you for that information. Can we please have a copy of your findings when the investigation is complete. Also when Joy Burch was our minister there was an enquiry undertaken, most likely in 2013 or 2014 year. The Canberra Greyhound Racing club never received a copy of the findings, could you please provide for us?

I also have a lady here that has a few queries about both the harness and thoroughbred industry in Canberra, which email is best to provide to her?

Kind Regards,

**From:** Sch 2 s2.2(a)(ii)  
**Sent:** Monday, 10 July 2017 12:48 PM  
**To:** Canberra Greyhounds  
**Subject:** RE: Sample Sch 2 s2.2(a)

Hi Sch 2 s2.2(a)(ii)

I have contacted the IT guy who is on leave and it will be difficult to retrieve this document without him being here.

The certificate number is Sch 2 s2.2(a)(vi). It was originally held back to repeat one screen, as we were not happy with the quality of the data. As it turned out, there was not enough urine to repeat the screen so it was reported as negative. I can retrieve this information as it is hand written on our routine worksheets, however I cannot obtain the certificate unless I can access the back-up tapes which I need our IT guy for.

I hope this information is enough for your purposes.

Regards,

Sch 2 s2.2(a)(ii)

LABORATORY DIRECTOR

**Subject:** RE: Sample Sch 2 s2.2(a)(vi)

Hi Sch 2 s2.2(a)(vi)

Thank you for your quick response.

It is fairly urgent, it was an ACT Government request and they requested a response this week. Can you see the certificate number on your system? If you can provide me the certificate number if you have it and perhaps an email confirming it was cleared that may be sufficient? We have a whole list which we have been through and this is the only one that I cannot locate the cleared certificate for.

Regards,

Sch 2 s2.2(a)(ii)

H Sch 2 s2.2(a)(ii)

This result has been archived, so I will need our IT guy to retrieve it for me – unfortunately he is on leave. I can see on the system that the sample was cleared, however I cannot pull up the certificate.

Is this urgent, or can it wait until next week?

Regards,

Sch 2 s2.2(a)(ii)

**Subject:** Sample Sch 2 s2.2(a)(ii)

Good afternoon,

We are currently double checking the last 5 years of swab clearances and I have found one sample which went for further testing but I cannot find the clearance letter which should have come through a little later.

Sample: Sch 2 s2.2(a)(xi) Date samples received: 6 May 2014

Certificate number: Sch 2 s2.2(a)(xi)

Can you please confirm the sample was cleared and send through a clearance certificate.

Regards,

Sch 2 s2.2(a)(ii)

LCMS Tests

- MS73 Diuretics/Acid Drugs by HRLCMS
- MS120 Bases in urine/plasma-HR LCMS
- MS70 Quaternary Compounds by LCMS
- MS54 Neutral Extract
- MS127 Peptides by LCMS

Immunoassay Tests

- EL008 Neogen Broncodilator Group
- EL027 Neogen Cocaine/Benzoyllecgonine
- EL028 Neogen Barbiturate Group

GCMS Tests

- MS35 Acetylated Basic Drugs
- MS50 Anabolic Steroids - Canine

ICP-MS Tests

- MS119 Arsenic - mg/L (µg/mL)
- MS119 Cobalt - ng/mL

The expanded measurement uncertainty for cobalt in canine urine at 100ng/mL is 20ng/mL at 99.7% confidence.

Dear Sch 2

A Certificate of Analysis for sample number Sch 2 is attached.

Confirmation of this finding will depend upon the analysis of the reserve and control samples.

The reserve and control samples are available for analysis in the presence of an analyst nominated by the trainer if required.

Yours sincerely,

Sch 2 s2.2(a)(ii)

### Certificate of Analysis

Certificate Number: Sch 2 s2.2(a)(xi)

Page 1 of 1

Client: Canberra Greyhound Racing Club

Samples Received: 9 July 2014

Status of Samples: Samples arrived in good condition with all seals intact.

Method: Analysed by Sch 2 s2.2(a) Method Number MS85.

Sample Type	Sample Number
Urine	Sch 2 s2.2(a)(xi)
Control	

**Results:** The urine sample was shown to contain 5 $\beta$ -ANDROSTANE-3 $\alpha$ ,17 $\beta$ -DIOL, at a mass concentration greater than 20ng/mL. The measurement uncertainty at 10ng/mL is 1ng/mL at >99.7% confidence.

5 $\beta$ -ANDROSTANE-3 $\alpha$ ,17 $\beta$ -DIOL was not detected in the associated control fluid.

Sch 2 s2.2(a)(ii)

Canberra Greyhound Racing Club  
PO Box 647  
FYSHWICK ACT 2609

Dear Sch 2  
s2.2(a)(ii)

After receiving advice from the stewards that the analysis of the reserve urine and control portions of sample number Sch 2 in the presence of an analyst nominated by the trainer was not required, confirmatory analysis of these samples has been completed.

The reserve urine of sample number Sch 2 was analysed by liquid chromatography mass spectrometry and the presence of guaifenesin was confirmed.

The corresponding control sample was analysed by the same method and shown not to contain guaifenesin.

A Certificate of Analysis and detailed report summarising the analytical data is enclosed.

Yours sincerely,

Sch 2 s2.2(a)(ii)

Dear Sch 2  
s2.2(a)

A Certificate of Analysis for sample number Sch 2 s2.2(a)(xi) is attached.

Confirmation of this finding will depend on the analysis of the reserve urine and control samples.

The reserve urine and control samples are available for analysis in the presence of an analyst nominated by the trainer if required.

Yours sincerely,

Sch 2 s2.2(a)(ii)

Thanks Corey,

Apologies, it is going to be just a few more days. I am the only one in the office until Wednesday and have not enough time to finalise it today. All the data is there it's just a matter of collating it into a spreadsheet for you which is nearly complete. We will send before close of business on Wednesday, if that suits? I will do my best to get it to you by tomorrow afternoon but at the latest Wednesday.

Kind Regards,

**Sch 2 s2.2(a)(ii)**

Good Morning Henry,  
I have attached the final reports of the Greysynd Ace and Sch 2 Inquiry's.  
These are the same reports that were passed on yesterday.

Yesterday I sent through a copy of a correctly recorded weight card, and I will send through our kennel procedures as requested later today.

## Dashwood, Corey

---

**From:** Wojcik, Henry  
**Sent:** Tuesday, 28 March 2017 3:02 PM  
**To:** Sch 2 s2.2(a)  
**Cc:** Dashwood, Corey; Nowlan, Andrew  
**Subject:** RE: Inspection 29 March, further [SEC=UNCLASSIFIED]

Hello Sch 2  
s2.2(a)(ii)

Further questions and below

- Is it normal for an incapacitation period to be indicated by a line through the entry on the weight card and is there any more detail provided like initials or reason, any examples?
- Did the steward inspect the card and recognise this?
- Did someone at the Club inspect the Ozchase database prior to the race and print off an exception report? If so who and when?
- How are stewards appointed for race meetings? (GRNSW has referred this one to the Club).

The Canberra Times

- Sch 2 s2.2(a)(ii) disqualified 3 times for drug related offences, what were these and why were dogs swabbed
- It has also emerged that Greyhounds NSW has been aware of race-fixing cartels for years and has gone to considerable lengths to stymie such activity, but will not confirm whether any matter has been referred to the police.
- Sch 2 s2.2(a)(ii) was not swabbed and stewards raised no concerns about her performance.
- When it comes to doping, it is easier to slow dogs down than to speed them up, with the advantage that you are less likely to be swabbed."
- This month Sch 2 s2.2(a)(ii) refused to sign off on swabs taken on his greyhounds, citing legal advice that a new policy requiring dogs to be given water in the kennels raised the possibility of contamination.
- Sch 2 s2.2(a)(ii) said there was no rule requiring trainers to sign off on swabs – although the vast majority had done so before GRNSW introduced its water policy.

"The dogs are out of their custody for several hours where [the water] is exposed to environmental contamination, if not deliberate by some crook."

- A Greyhounds NSW spokesman said the Richmond stewards entered the incapacitation into Ozchase at 4.35pm on October 5, and into their own reports as soon as they became aware of the omission on October 10, the day after the Canberra race.
- "It is a matter for the Canberra Greyhound Racing Club to respond to whether they ran an exception report prior to October 9, 2016, which would have identified the incapacitation, or whether the on-course steward inspected the weight card prior to the race meeting as they are required to do so," the spokesman said.
- However, Canberra steward Sch 2 s2.2(a)(ii) told Ms Openshaw in an email that the Richmond stewards had not entered the incapacitation period into Ozchase.

- dogs affected by ethanol.

Regards

Hello Sch 2  
s2.2(a)

Following our telephone conversation this morning, please be advised that Authorised Officers (AOs) will visit the Club tomorrow 29 March 2017 at approximately 9.30AM about The Canberra Times article concerning Greysynd Ace winning a race conducted by the Canberra Greyhound Racing Club on 9 October 2016 when it was under a 10 day Incapacitation Endorsed order due to weight variation and other concerns raised. And clarify any information already obtained

Questions to be asked/explained or clarified and information to be obtained include:

The Club's final investigation report about Greysynd Ace, provide a copy

Emails from GRNSW the Club receives about scratchings and incapacitations (stand downs) prior to 9 October 2016, provide examples

Current Race Day Procedures and where kept, provide copy

Why was a swab not taken for an odds on favourite being beaten in this race

Swab/Water issue Sch 2  
s2.2(a)(ii) provide policy

Exception Reports available

Sch 2  
s2.2(a)(ii) initialled weight card

Richmond Stewards entered the scratching and incapacitation into OZchase on 5 October 2016
