

Triple Bottom Line (TBL) Assessment Summary

The Triple Bottom Line Assessment is required to be published in accordance with Part 4, section 23 (1)(b) of the Freedom of Information Act 2016

19/767 Review of the operation of mental health orders under the ACT *Mental Health Act 2015*.

Summary of impacts:

- The report finds that psychiatric treatment orders and community care orders are operating as intended.
- The report finds that forensic mental health orders and forensic community care orders are not operating as intended due to the adverse consequences on victims' access to information when an order is not made.

Level of impact	Positive	Negative	Neutral
-----------------	----------	----------	---------

Social

Level of impact	Impact	Summary
Neutral	Gender equality	<ul style="list-style-type: none">• The tabling of the report will have a neutral impact
Positive	Health (community and mental health)	<ul style="list-style-type: none">• Analysis of CHS data indicates a reduction in the number of PTO's and CCO's since the commencement of the Act.
Positive	Human rights	<ul style="list-style-type: none">• The tabling of the report is consistent with the purpose of the Act in reviewing the human rights objectives of the legislation.
Neutral	Justice and crime	<ul style="list-style-type: none">• The tabling of the report reflects on the operation of the justice pathways available in circumstances where a person has a mental disorder or illness. The tabling of the report considers victims access to their rights as victims of crime.
