4. What are the main features of the plans on display that you believe will improve the Hawker Centre?

• Better use of all the current car parking space
• Looking to the future + providing for ^{some} higher density housing. Reality is you need a certain number of people to support retail/eating places

5. Are there aspects of the plans on display that you dislike? If so, what are they?

• Don't know that there is need for increasing size of supermarket — a good size now after recent additions — too big becomes "unfriendly" to users — too much walking / ~~too long~~ ^{shop}.
Medium size is good.

6. Any further comments?

• Important to provide safe pedestrian crossing of Springvale Rd if increasingly busy with traffic cycling (using paths)
• Important to keep ~~the~~ 'community' feel — not just another big impersonal shopping area
