**Fringe Festival**

artsACT met with Mr Gorian Gardner on Friday 2013 to discuss a draft program for the 2014 fringe festival. The proposed program includes a mix of music, theatre, poetry and comedy performances and visual art installations suitable for all audiences. The program has elements that may challenge audiences and some would only be suitable for adults. The adult content will be presented late at night and Mr Gardner has advised it will be marketed accordingly.
