## PARLIAMENTARY AGREEMENT STATUS REPORT – OCTOBER 2017

### BACKGROUND

Following the 2016 ACT Election on 31 October 2016, ACT Labor and ACT Greens signed the Parliamentary Agreement for the 9th Legislative Assembly for the Australian Capital Territory.

The Agreement is available to [view on CMTEDD's website](#).

The document outlined a set of key shared priorities and outcomes for the 9th Assembly, as well as a number of initiatives the parties committed to achieving within the term of government. These initiatives were grouped into thirteen categories, with a further category of executive reform outlined in Appendix 3.

### READING THE REPORT

The graphs below detail the status of all parliamentary agreement initiatives. An initiative is classified as **'On Track'** where its current implementation milestone is on schedule to be completed by its projected completion. Items classified as **'Not Yet Commenced'** are those initiatives where the project scope and implementation of the initiatives are still subject to Cabinet approval. Milestones for these initiatives will be announced in due course. Items with this classification will be brought forward for Cabinet consideration over the balance of the parliamentary term.

## PROGRESS TO DATE

This report has been prepared for the period 31 October 2016 to 31 October 2017. In the first year since the 2016 ACT Election, the Government has delivered 17 initiatives, with 100 on track for completion. None have minor or significant issues. Five have not yet commenced.

### Parliamentary Agreement Status

Commitment Status	2016-2017	Percentage
On Track	100	82%
Completed	17	14%
Not Yet Commenced	5	4%
Total	122	100%

## HIGHLIGHTS

### LIGHT RAIL STAGE 2 OPTIONS CANVASSED

With work well under way on the first stage of Canberra's city-wide light rail network, Canberrans will now get to have their say on the route for stage two of the project – linking Civic to the Woden Town Centre.

In October last year, Canberrans voted overwhelmingly for an integrated public transport system, which included a light rail network with a north–south spine extending from the Gungahlin Town Centre, through Civic and on to the Woden Town Centre.

Woden is a key growth area in Canberra, with an employment population of more than 120,000. By 2041 almost 90,000 people are expected to be living within 1 kilometre of the Woden corridor. Light rail will support this growth, helping to revitalise parts of Woden and its surrounding southern suburbs.

Light Rail to Woden involves crossing the lake and through the Parliamentary Triangle. The ACT Government will undertake community consultation on the route and the alignment of the corridor.

### FLEXIBLE BUS ROUTES LAUNCHED

ACT seniors and people with mobility issues living in Canberra's Inner North will now have an easy, convenient way to get where they need to be with the expansion of the Flexible Bus Service from 8 September 2017.

Minister for Transport Canberra and City Services, Meegan Fitzharris, said a trial of the Inner North Flexible Bus Service was an election promise that would make life easier for Canberrans who might otherwise struggle with short commutes around the ACT.

“The Flexible Bus Service expansion into the inner north region means that this free community service will now be Canberra wide,” Minister Fitzharris said. “Now, even more ACT seniors and people with a mobility difficulty will have access to the Flexible Bus Service to go shopping, attend medical appointments, visit people in hospitals and take part in social activities.”

The Flexible Bus Service has been successfully operating in Canberra since September 2014. The trial of the inner north service will operate as per current pick-up and drop-off method. The service provides those in the community who have limited access to public transport options with the ability to travel to their local service providers in a safe, reliable way.

## HOUSING SUMMIT BRINGS COMMUNITY TOGETHER

The Housing and Homelessness Summit was the culmination of months of consultation in which the ACT Government and our affordable housing advisory panel reached out to thousands of Canberrans to see what matters most to them around housing. Around 200 community members from every part of Canberra came together for the summit, all contributing to a new housing strategy.

Minister Berry announced funding that was directly a result of the community's input, including a Housing Innovation Fund of \$1 million to seed new affordable housing initiatives, the first annual affordable, public and community housing supply target, and a new affordable home purchase database. These initiatives will be implemented with ongoing consultation and alongside future initiatives as the ACT Government develops a new housing strategy.

The Housing Innovation Fund will initially pilot three programs committed to in the ACT Parliamentary Agreement: HomeGround affordable rental, Homeshare and the Nightingale housing model. As part of the announcement the Government is seeking expressions of interest from organisations to lead these pilots.

The establishment of a new annual target provides the opportunity to widen the focus to affordable housing options in the public, private and community rental sectors, and to work with community housing providers, builders, estate planners and our own public housing authority in growing these targets in future.

In addition, future affordable home purchase will be made available only to households pre-registered on a new ACT Government database.

## INITIATIVE DETAILS

Reference Number	Initiative Description	Lead Agency	Current Action	Status
<b>Commitment 1: Action to improve Canberrans' health and access to healthcare</b>				
1.1	Design, construct and commence the operation of a nurse-led walk-in centre in Gungahlin, based on the successful model currently operating in Belconnen and Tuggeranong	Health	Progress is under way	ON TRACK
