

Open Access – Reasons for Withholding Access

Document Category (s23): Open Access Information of a Minister.

Title: Cabinet Decision 20/306/CAB

Description of the information

The triple bottom line assessment (TBL) for the decision made by Cabinet on 3 August 2020.

Decision

I have decided to not release the triple bottom line assessment. This decision has been made under sections 24(2)(b) and (c) of the *Freedom of Information Act 2016* (**FOI Act**) on the basis that it is contrary to the public interest to disclose.

Statement of reasons

In reaching my access decision, I have taken the following into account:

- the *Freedom of Information Act 2016* (FOI Act); and
- the information considered by Cabinet and decision made.

Sections 24(2)(b) and (c) allow for the TBL to be withheld on the basis that:

- it is taken to be contrary to the public interest to disclose under schedule 1; or
- the disclosure would, on balance, be contrary to the public interest under the test set out in section 17.

Public Interest Test

The FOI Act has a presumption in favour of disclosure. As a decision maker I am required to decide where, on balance, public interests lies. As part of this process I must consider factors favouring disclosure and non-disclosure.

Section 17(1) of the Act sets out the test, to be applied to determine whether disclosure of information would be contrary to the public interest. These factors are found in subsection 17(2) and schedule 2 of the Act.

Factors favouring disclosure (Schedule 2 section 2.1)

Taking into consideration the information contained in the TBL, I have identified that the following public interest factors in favour of disclosure are relevant to determine if release of the information contained within this document is within the 'public interest':

(a) disclosure of the information could reasonably be expected to do any of the following:

- (i) promote open discussion of public affairs and enhance the government's accountability; and*
- (viii) reveal the reason for a government decision and any background or contextual information that informed the decision.*

The decision made by Cabinet is of public interest and I consider that release of this decision and the associated TBL may enhance the government's accountability and reveal the reason for a government decision. I consider there is a public interest in the subject of the TBL and its release would increase transparency and accountability of the government.

Factors favouring non-disclosure (Schedule 2 section 2.2)

As required in the public interest test set out in section 17 of the Act, I have also identified the following public interest factors in favour of non-disclosure that I believe are relevant to determine if release of the information contained within this document is within the 'public interest':

(a) disclosure of the information could reasonably be expected to do any of the following:

(viii) prejudice the economy of the Territory;

(xiii) prejudice the competitive commercial activities of an agency; and

(xvi) prejudice a deliberative process of government.

Having reviewed the TBL and associated decision made by Cabinet and noting the matters that were considered, I am satisfied that the release of the TBL would disclose confidential information that would significantly disadvantage the Territory in relation to future commercial negotiations. I am satisfied there is a reasonable chance that this information if released could prejudice the Territory. I am further satisfied that release of this information would also prejudice the deliberative process of government as release of this information may limit the options and decisions which may be required to be made at a future time. These factors carry significant weight when considered against the factors in favor of disclosure.

Public Access decision

Having applied the test outlined in section 17 of the FOI Act, I have decided to fully exempt from release the TBL as the factors favouring non-disclosure outweigh the factors favouring disclosure.
